## NEW TYPE OF PREFABRICATED HOUSE BEING BUILT AT BEACH

Walls Are Prefabricated Cement Panels Joined Together With Mortar And Bolts—Insulation Is Aluminum Foil Sheets—Floor Is Of Concrete With All Plumbing, Heating Pipes And Electric Wiring Under The Floor—1800 Square Feet Of Space.

(By DON RICHES)

When a man sets about building a home for himself and family his job and achievement usually don't make the headlines. However, when that home is built from concrete lumber then it is something that the people should read about. Such a home is being built right in our own community at Grimsby Beach by an engineer and retired fruit grower whose name is Don S. Morton.

Mr. Morton purchased a very beautiful 28 acre plot on the plateau which overlooks Grimsby Beach. The site of the new home is on the east side of Park Road.

## NEW GRAPE PRICE IS HIGHEST IN HISTORY

Processors Will Pay \$95 A Ton, An Increase Of \$2.50 Over Last Year—A Good Crop.

An agreement was signed in Toronto late on Wednesday last setting the price of grapes for processing at \$95 a ton, highest price paid by processors in local history. It was announced by officials of the district Grape Growers' Marketing Board.

This year's price is up over last year's price of \$92.50 a ton, and has climbed considerably from the pre-war 1939 price of \$65 a ton. One official said it was the highest price ever paid by processors, but

(Continued on Page 10)

## U. S. GRAPE PRICE NOT HIGHER THAN ONTARIO

Rumors Of \$300 A Ton In New York State Without Foundation—Price Range Is From \$75 To \$85.

Reports that grapes in New York State were selling at up to \$300 a ton were discounted strongly by local grape processors Tuesday morning after they had received a flood of calls from district growers.

Officials of several local processing firms told The Independent that prices set in the United States during the past few weeks ranged from \$75 to \$85 a ton, with the scarce Delaware variety bringing close to \$100 in some places.

(Continued on Page 10)

## COUNTY CONSTABLES GRANTED DOLLAR A DAY PAY INCREASE

County Council Calls Upon Provincial Government To Appoint More Game Wardens In Order To Curb Illegal Shooting Of Game.

At the sessions of the Lincoln County Council which were concluded last Tuesday in St. Catharines, Warden W. L. Patterson of Niagara-on-the-Lake and the assembled reeves and deputy-reeves of Lincoln municipalities, acting on the request of Sheriff Will H. Villiers of Lincoln increased the salaries of the county constables.

The request for more pay for the constables was placed before the council when the sessions opened in the morning. The Sheriff pointed out that the present rate of \$4 per day was a source of general complaint by the constables. He termed the rate inadequate and added that he would lose the services of some of his best constables if it was not increased. Acting upon the recommendation of the General Administration Committee under the chairmanship of Reeve Leonard Hoare of Merriton, the council increased the rate from \$4 to \$5 per day.

A deputation composed of Col. John Ball, Major J. O'Flynn and Major J. Etherington interviewed the council and requested a grant for the building fund of the St.

## LOCAL GROWERS EXPERIMENT WITH GROWING MUNG BEANS

This Type Of Bean Is Used Extensively By The Chinese In The Preparation Of Such Dishes As Chop Suey.

(By ART BRYDON)

Owen Patterson and Al Hasty are at present conducting an interesting experiment on the Patterson farm, just east of town, in the growing of Mung Beans. These beans were grown at one time, to some extent, in Manchuria, but when that was devastated by war the pursuit of the industry was made impossible. It was at this time that the beans were first grown in California. This proved successful and the Mung Bean is now grown extensively in that State.

Mr. Patterson and Mr. Hasty first became interested in the possibility of producing a crop of Mung Beans in this district early in the fall of 1946 and all winter they corresponded extensively with such places as the Ontario Agriculture College at Guelph, the Dominion Department of Agriculture, the San Francisco Chamber of Commerce and at last the University of

(Continued on Page 10)

## MEAT SITUATION DOES NOT LOOK TOO GLOOMY

Grimsby Butchers Believe They Will Have Supplies Enough To Take Care Of Customer Demands.

Bread prices in Grimsby have gone up three cents a loaf as was predicted. On Friday and Saturday the price went up on bread purchased from outside delivery trucks, but Grimsby Bakery did not jump the price until Monday.

The meat situation in town for the last weekend was very good. All local butchers were able to fill all the wants of their customers and at present time the outlook for future supplies is not too gloomy.

Butchers believe that they will have plenty of beef and veal with a fair supply of pork and some lamb. Smoked meats and cooked meats may be in short supply for the weekend, but as The Independent went to press butchers could not say just how short or how plentiful that supply would be.

## COUPLE LEAVE DRUG TRADE TO RAISE WORMS FOR SILK

### TEEN-AGERS HAVE FINE FUTURE BEFORE THEM

Pupils Of Other Years Have Been Successful—Scholar Of Today Can Also Climb To Great Heights.

(By JAN KENDEL, a former Grimsby High Pupil)

Kanmacher's old restaurant swarming with high school students, the mellow notes of Glenn Miller's "I Know Why" on the nick, laughter and the tinkle of glasses at the soda fountain, 1940.

You were in public school then, you were so young, and sometimes you'd wonder "will I ever reach high school?"

That was a long time ago. You're in high school now. There's a bowling alley where Kanmacher's Restaurant used to be, and a new dairy bar in town, where you and your friends congregate.

Don't you ever wonder where the other kids have gone? Let me tell you.

Some of them were fortunate

Purchase 16 Acre Farm At Winona To Grow Mulberry Trees As Well As Fruit—Silk Worms Feed On The Mulberry Leaves—Life Cycle Of Worm Is 28 Days.

(By Bruce Murdoch In The Hamilton Spectator)

A new venture for the Hamilton district, that of sericulture (silk culture), has been started in the experimental stage by Mr. and Mrs. J. Winston Sparling, both graduate druggists, who disposed of their own drug business in Toronto to serve the Empire in World War II. Mrs. Sparling enlisted in the Women's Royal Canadian Naval Service and was stationed in Quebec and at Halifax for three years. Mr. Sparling did special research work for the Inspection Board of Canada.

Following the war, they decided to purchase a 16½-acre fruit farm

## GROWER TRIES A NEW TYPE OF CONTAINER

Is Also Working On A Mechanical Gadget To Pick Peaches—Believes Ontario Fruit Of Highest Quality.

A new type of fancy pack container in which to ship high quality Niagara peninsula peaches, pears and plums, for retail sale in Ontario stores, has been introduced by D. J. McCollum, Winona fruitgrower, and, judging from repeat orders from dealers who have received sample shipments, it has met with immediate approval of the buying public.

Under permission of the Fruit Branch, Ontario Department of Agriculture, Mr. McCollum, who is shipping 1,000 each of two sizes as an experiment which is being closely watched by the Department.

(Continued on Page 10)

## FRUIT BELT GETS A FAST COOLING OFF

Temperature Drops 28 Degrees In One Hour And A Half On Sunday Afternoon.

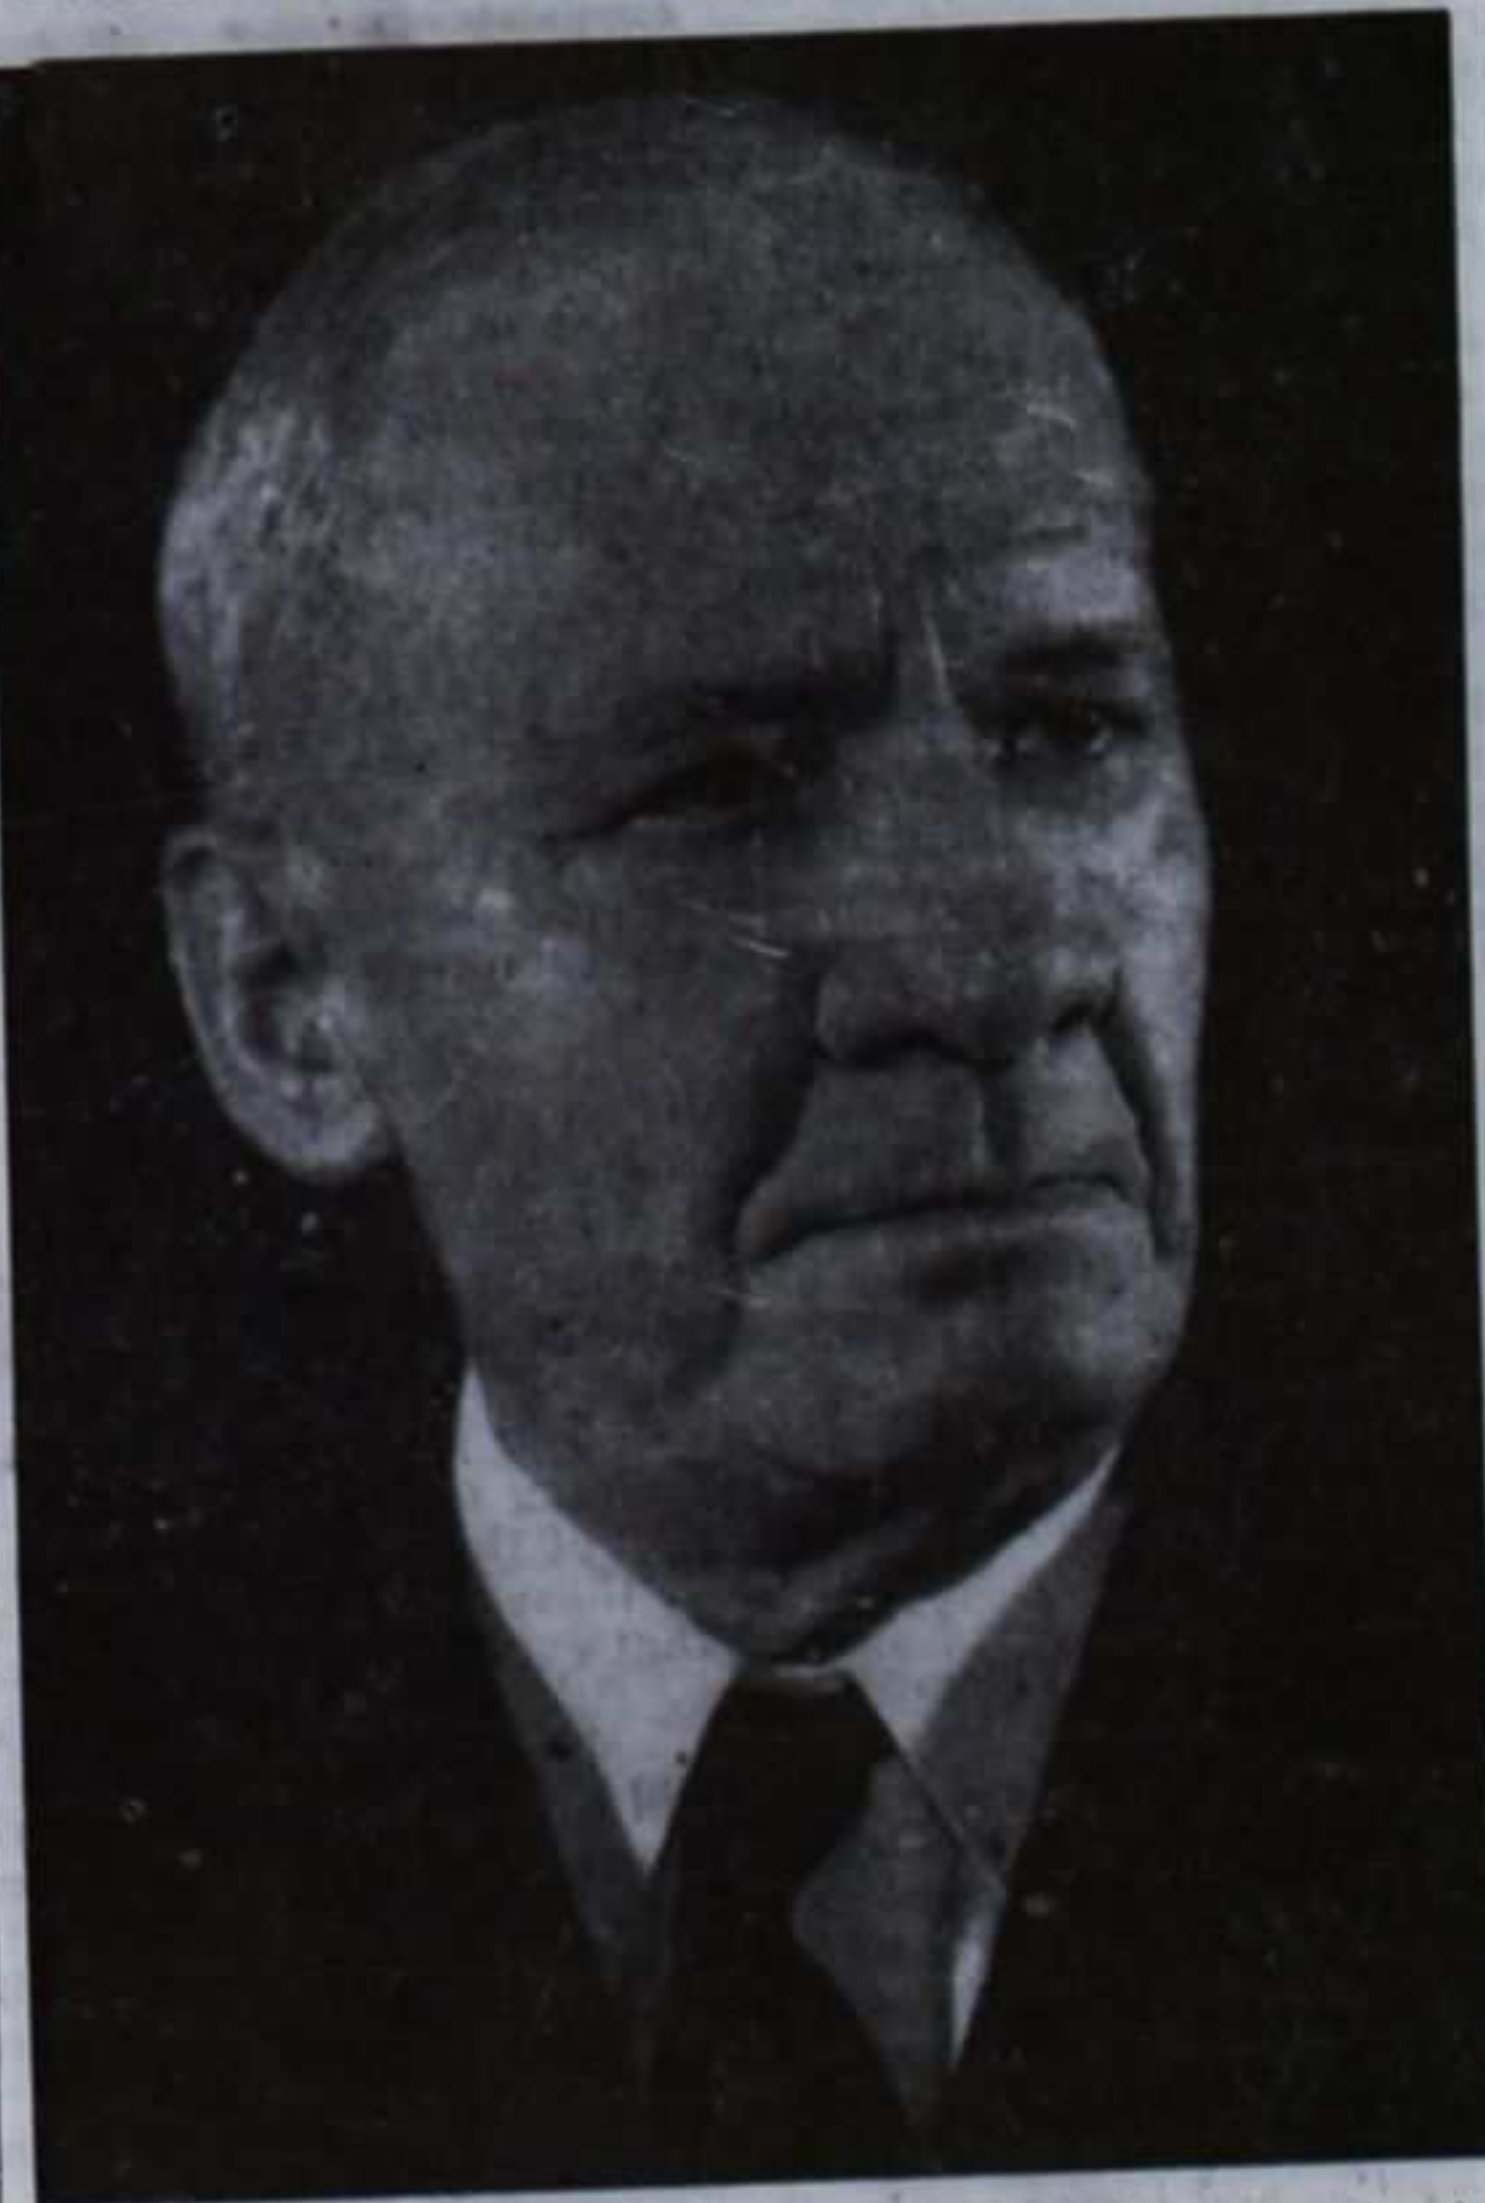

Following the heavy rain of Sunday afternoon the Fruit Belt got a sudden cooling off after the hot weather of the past seven weeks. In Grimsby thermometers took a terrific tumble. At 5.30 o'clock the temperature was 84 degrees. At 6.45 it was 56 degrees, a drop of 28 degrees in an hour and fifteen minutes.

High winds accompanied the rain but growers and shippers report

## PEACH KING DAIRY GRANTED LICENSE

LINCOLN COUNTY'S CUSTODIAN OF PROPERTIES

In the early 70's a young Irish couple named Frederick and Clara Fairbrother decided that Canada was the Land of Opportunity and they braved the perils of the sea in a sailing ship and eventually landed in Clinton Township where they took up farming on what is now known as Lincoln avenue south.

Like all pioneer immigrants they had a tough struggle for many years to make both ends meet and raise a large family of children. But by hard work and perseverance they succeeded. One of those children was WILLIAM DYER FAIRBROTHER, portrayed above by The Independent's staff photographer, Robert Aldrick.

W. D. Fairbrother, or "Bill" to his great legion of friends throughout the Province of Ontario, is proud of the fact that he was born in Clinton Township and has been a resident of Beamsville since he was a little gaffer. Through all those years he has been an outstanding citizen, hence his appointment in 1931 as Registrar of Deeds for Lincoln County, which position he still fills to the satisfaction of all county residents and other people who have business to do in his office.

In his younger life he was fortunate to meet and marry Iva Clara Bennett, daughter of the late James D. Bennett, and to this union were born three sons and one daughter. During the First Great War he had two sons overseas and he himself was a tower of strength in all patriotic endeavours throughout the whole County.

In the Second Great War he had one son and two grandsons overseas and once again he was a pillar for all organizations to lean upon in their battle against Hitlerism.

Starting life as an apprentice in the grocery business he eventually became a partnership owner in that line and then the sole owner. In 1911, owing to ill-health, he gave up the mercantile business and took a two year rest. In 1913 he was appointed Clerk, Treasurer and Superintendent of Works of the Village of Beamsville, which position he held until his appointment in 1931 as Registrar of Deeds for Lincoln County.

In his youth he participated in sports, particularly hockey, at which game he was without a doubt the star goaltender of all the Niagara District. This writer as a youngster can remember a couple of young Grimsby ladies telling the then Editor of The Independent that Grimsby could have won the game if somebody had taken "Bill" Fairbrother and thrown him in the lake.

Lincoln County's Registrar of Deeds is a man with a heart in his body as big as he is, which hundreds of people in past years can attest to. In politics he is a staunch Conservative of the old Sir John A. MacDonald school. In religion an Anglican but at the same time a supporter of all church organizations that work for the betterment of the people at large, no matter the denomination.

For 30 years he has been secretary of Ivy Lodge 115, A.F. & A.M., and in 1940-41 was District Deputy Grand Master. Lincoln County may consider itself lucky that it has men of the type of W. D. Fairbrother at the head of all its various departments.

## THE OLD 44th BAND ON PARADE

This picture was taken Labor Day, 1909, and shows the band coming down Palmer's Hill, with Bandmaster Howard in the lead. The large building in the background is now Hewson's basket factory.

## GRIMSBY HIGH PUPILS SEEKING NEW HORIZONS

Large Percentage Of Graduating Class Of 1947 Attending Colleges And Universities—Many Have Entered Business.

(By P. V. SMITH, former Principal of Grimsby High School)

A new class entered Grimsby High School in September, 1942. All was strange and exciting. From Grimsby Public School, from the Beach, from Hagar's, from the Mountain School and elsewhere they came to seek, to learn, to achieve. During the years which have passed some of the group have found occupation in industry, farm and office. A good representation has persisted to the end and to-day they seek new horizons in University and College and other places of training or employment. Like former groups of graduates from Grimsby High School they go out with high hopes and strong determination to seek greater opportunities in the field of vocational training and higher education.

## After a Conference Between Grimsby Town Council And The Ontario Milk Board The Much Discussed Permit Was Granted—No License Has Been Granted To Beamsville Dairy.

After a very amiable conference at Queen's Park, Toronto, on Tuesday afternoon, between Mayor Bull, members of Grimsby Town Council and the Ontario Milk Board, a license has been granted to W. Brock Thompson of the Peach King Dairy to distribute milk in the Town of Grimsby.

Many matters were ironed out including the fact that NO license has been issued to the Beamsville Dairy to distribute milk in Grimsby. The Board most definitely stated that fact.

The Board at the end of the conference reserved their decision and went into a meeting of themselves. A few hours later Mr. C. H. Meek, Chairman of the Board, announced that a license had been granted provided the usual requirements of

(Continued on page 5)

## NURSE SHORTAGE CURTAILS COUNTY HEALTH UNIT WORK

Heart Disease Chief Cause Of Death—220 Venereal Cases In August—Dr. Claire Robinson Succeeds Dr. J. M. Mather Until May Of 1948.

Dr. D. V. Currey, Chief Medical Officer of the St. Catharines Lincoln Health Unit, reports that the difficulty in securing a sufficient nursing staff will necessitate curtailment of the high school program in the county. This was announced at the regular meeting of the Board of Health for the unit. Lack of nurses, however, will not prevent examination of those taking part in competitive sports, as this will be done by the Medical Officers.

Report of Director: Dr. D. V. Currey gave a comprehensive report on the work of the Unit during the summer months. He paid tribute to Dr. J. M. Mather, who is now Director of Halton County Health Unit. A shortage of nurses was reported and the steps taken to try and overcome the difficulties faced by the Unit because of lack of personnel. It was pointed out that a physician was available, and that a new nurse on full-time and one on part-time, as well as two

(Continued on Page 9)

## AN ACRE OF LAND AND CONTENTMENT

There Is A Man In Grimsby Who Has Made A Stone Pile Into A Garden Of Eden.

Once upon a time an American dreamer-agriculturist wrote a brochure on the topic of agriculture and the living of man and titled it "An Acre Of Land And Contentment."

A lot of people since that time have tried the experiment and failed. But we have in Grimsby a man who has made a success of the experiment.

On the west side of Elizabeth street, north of the C.N.R., on the border of the Old Forty lives a man by the name of G. P. Lynd, and he has positively turned an acre of that old stone bed into a veritable Garden of Eden insofar as small fruits and vegetables are concerned.

From viewing his garden spot and tasting a great variety of his product this reporter can safely say that he is the personification of the man whom the author of that book wrote about.

## COUNTY TURNS BACK ROAD TO THE VILLAGE OF BEAMSVILLE

### RETAIL LUMBER PRICES TO REMAIN UNCHANGED

There Has Been No Increase Since Control Removed—Dealers Wish To Keep Price As Low As Possible.

Robert Johnson of Peninsula Lumber and Supplies, of Grimsby, and a director of The Ontario Retail Lumber Dealers' Association, has been successful in getting the lumber dealers of the Niagara Peninsula and the Hamilton district organized under one Southern District group of the O.R.L.D.A.

This organization meeting was held at The Village Inn on Friday night last with over 50 dealers in attendance.

Confirming the decision outlined in a resolution passed by the Ontario body on Sept. 18th, the new organization will endeavour, if at all possible, to hold the line in prices of lumber as they were set at when the controls were taken off on Sept. 15th. At the present time there has been no increase in lumber prices and the dealers are doing all in their power to prevent an increase.

The resolution passed by the Ontario body and endorsed by the newly formed Southern District

Section Of Road In Port Dalhousie Also Turned Back—High, Continuation And Vocational Schools Costing County \$56,743 With Adjustments To Be Made.

Presenting the report of the Road Committee, at the September session of County Council, Reeve William Heaslip of Gainaboro, recommended that the request of the laborers and truck drivers of the Road Department for an increase in pay be referred to the Special Road Committee for report and recommendation.

Dealing with road matters, the council requested the Department of Transport to fill in the Old Welland Canal at Port Dalhousie from the head of Lock 1 to the Maple Leaf Rubber Company plant in the village and to include the filling in of the waterway across the road south of the plant. County Engineer F. E. Weir was given authority by the council to erect speed regulating signs when requested to do so by the proper authorities to regulate traffic through villages, police villages and built-up areas. Two bylaws were also passed returning sections of county roads in the Village of Port Dalhousie and in Beamsville to the municipalities. This move was decided upon at a former meeting of the council.

## FACTS & FANCIES

Frank Fairborn, Jr.

### AUTUMN IS BEST

Autumn is the best of the farm year. The long grind of gruelling work, from daylight to dark, is over. The worry of crop weather has passed. Clear, comfortable days have followed the heat, humidity, and storms. The exhausting toil of the mows has faded in the satisfaction of their fullness.

A good day's work now is enough. There is no urgency in saving the late maturing roots. They can be lifted and stored in good time. The cattle, still in pasture, need little stable feed and care. The hurry is over.

The fall work, if normal weather prevails, can go on according to plan. The results of the year are known. Whether large or small, enough or too little, they are in hand, and can be reckoned in the planning of the coming year. Cellars are stocked with fruit and vegetables for winter. Soon the meat will be cured and stored.

An exhilarating beauty swells in the woods. The vision widens to new horizons in the clear air. Frost invigorates the mornings. Warmth at noon deepens the noon-day rest. The lengthening twilight persuades meditation. Long quiet nights restore the strength. Nature teaches man peace. Content pervades the being. Autumn is best.

### O CANADA!

The Toronto Telegram says the present generation of Canadians accepts the following as normal:

Several families living in a house built for one.

Scores of families living and fighting in former army barracks.

Hundreds living winter and summer in trailer cabins and all sorts of shacks.

Young people getting married and going to live with in-laws.

All sorts of two-room and three-room flats and apartments in which families are cooped up barracks fashion in quarters their grandparents would not have looked at.

Of course, the home is the foundation of the nation. And naturally present conditions have an appalling effect on the rising generation. The Telegram remarks that Children's Aid is at the peak.

What a condition it must be in Europe! And in bombed Britain, too. The condition in Canada and the United States are about the same, and relief and remedy are held back because of the terrific building costs, beyond the means of the average worker. This, indeed, is the trailer age. The cave dwellers were more happy in their lot than many of the human race of today.

### A FARMER VIEWS NEW SKIRT STYLES

Apparently the most important issue in North America is the change in style from knee length to half-mast skirts. A new opportunity to make the headlines and the picture pages is being exploited by volunteer protectors of women who are too weak to wear what they please.

Some sinister interests are alleged to be behind this style change, although no selfish motives have been attributed to the designers of fall hats that threaten marital peace throughout Canada and the United States.

Half-mast skirts seem to be a reasonable compromise between the demands of bare-legs and hide-em cults. Few of the knotted muscles of the lean athletic girls, or the flabby calves of the languid ladies, are worth viewing anyway. Surely the men back from womanless battle areas are already fed up with the search among the many legs on display for a few that reward a good look. None of most shins is even better than half.

From the practical viewpoint of a farmer, the half-mast skirt has many advantages in the care and use of the legs. It is long enough to protect the knees from chapping and short enough to avoid chafing the ankles. It provides some warmth for stockingless legs

that have not grown enough hair to protect them against severe frost. A good homespun, or Harris Tweed, skirt should go a long way, at least a longer way, toward affording the kind of protection our grandmothers provided so prudently.

There is nothing to the argument that the longer skirt will impede progress. With the short work-week and the leisurely pace of production, few city women are in a hurry to get anywhere. Farm women will continue to wear overalls, or slacks, at outdoor work.—  
"The Scene, from Shinawauk Farm."

### MIGHT LOWER THE TAX RATE

There has been, we understand, a proposal in Vancouver, B.C., to close up all the stores on its principal business street every Wednesday, in order to give the merchants and employees an added holiday each week.

That situation is not at all peculiar to the Western Provinces. Almost every city and town in Ontario is being faced with the demands, not only of the employees, but by the merchants themselves, to greatly curtail the selling hours in all places of business.

Within reason, we would say this is a good thing. But are we not carrying it a little too far? At the present time store clerks rarely have to work more than a 44-hour week. Not of course as good as a 40-hour, five-day week, but not too bad at that.

To still shorten the selling hours in stores would very greatly inconvenience the public, and before very long the merchants themselves would begin to feel the pinch, because the "take it or leave it" era of the war years is not going to last forever.

In contrast to this movement in cities and towns for shorter store hours, the sign on a country store window is worth noting, particularly as regards Sundays.

"Store Hours"  
"Mon., Wed., Fri., 8 a.m. to 6 p.m."  
"Tues., Thurs., 8 a.m. to 10 p.m."  
"Sat., 8 a.m. to 11 p.m."  
"Closed Sundays"

In the meantime the small village and country stores are getting a new lease of life and making some money, too, by keeping open to cater to the local farmers and the tourists, who have learned by unpleasant experience that while the cities and towns have really some beautiful displays of much wanted goods, that avails nothing when the store doors are kept locked.

In fact, if the cities and towns are bent on having a four or five-day week, business is bound to move to the country, and village and township fathers might do well to consider the installation of parking meters around the country stores. It might help to lower the tax rates.

### HAPPY DAYS!

A note in The Stratford Beacon-Herald: "In spite of rain today, the market was busy. Butter sold at 16-18 cents a pound; eggs at 13 cents a dozen. Honey was 10 cents a pound. Spring chickens were 35 to 50 cents a pair. Tomatoes were priced at 50 cents a bushel."

By and large, people were as happy if not more so those days 50 years ago than in this era of gouge and get. True, nine dollars a week was a good wage, rents at nine dollars a month were even then considered high, but there were preserves and vegetables in the cellar, there was thrift and responsibility, also family cohesion, with attendance at church and Sunday school. It was the simple life as compared to today. Somehow it worked!

## Labor Compares Systems . . .

### DEMOCRACY

Everyone has basic rights and freedoms guaranteed.

### FREEDOM OF THE PERSON

No arrest without warrant; no arbitrary seizure of persons or property or search of homes. Trial by jury guaranteed.

### OTHER FREEDOMS

Free press and radio, free speech.  
Freedom to seek truth, in school, in universities. Religious freedom.

### REPRESENTATIVE GOVERNMENT

Government by laws enacted by chosen representatives of the people.  
Free elections, candidates nominated in primary election or conventions of parties.

### ECONOMIC FREEDOM

Anyone is free to start any kind of business.  
Anyone may own a home, farm or business.  
Worker is free to choose job and change job.  
Collective bargaining, union contracts.

### RESULT

High living standards.

### COMMUNISM

No one has guaranteed rights. Everyone is subservient to fourteen Politbureau dictators.

Arbitrary arrests; imprisonment without trial; police seize anyone; search any home; everyone watched by spies.

State controlled press and radio; persons criticizing government imprisoned.  
State tells everyone what to believe, though often untrue. Church dominated by state.

Government by decrees of dictators, without consent of the people.  
One party "elections" candidates chosen by Communist party officials.

State controls all business. No private enterprise.  
State owns housing facilities, farms, businesses.  
State dictates job, freezes worker in job. Wages and conditions dictated by bureaucrats.

Miserable living standards.

(This statement first appeared in "Labor's Monthly Survey", an official publication of the American Federation of Labor.

## 'WAY BACK WHEN

Frank Fairborn, Jr.

The following article and continuing chapter, is reprinted from the October issue of Maclean's magazine.

(By EVA-LI WUORIO)

The great silver-blue sheet of the lake is to your left, shoreless and vast. The highway sweeps on, paved, triumphant, formidable, a sword cut through the countryside. Left behind is the flat-topped Hamilton Mountain and Burlington Beach with the row of houses edged between the railway and the road. The road arises and now, lacquer green and lush, the orchards begin.

This is the fruit basket of Ontario, the cradle of Upper Canada's history; that square peninsula, Niagara, jutting between Lake Ontario and Lake

### HOUSING DEPRESSION

Canada's housing depression is deepening. The supply of houses, in relation to need, is not keeping pace with the growth of cities. The prohibitive costs of housing are restricting the market. High wages, high national income, and depression, are coexistent in Canada; despite popular belief that this is impossible.

The demand for houses is enormous but both capacity and willingness to buy them have declined. Building prices are out of all relation to what Canadians are earning or are ever likely to earn, even though individual incomes and industrial production have reached unprecedented peaks.

The lack of houses, and the improbability of ability to pay for them, is due largely to the folly of those who are making the loudest demands that the government (any government) should adopt a subsidy policy that would make a home available to every family.

The government is powerless to lower building costs while the wages and production of those who produce the materials, and of those who build houses, result in prices that exceed all reasonable limits.

Depression, in the midst of prosperity, will continue in housing until the inexorable processes of supply and demand reduce the costs of materials and construction. The process is slow and painful but it must go on until economic prices are restored. The belief of many that the elimination of profit would result in housing at economic prices, was shattered by the honest effort of the Dominion Government to provide homes. The effect resulted in poorer houses at higher cost. Lower costs, resulting from lower wages or greater production per worker, ultimately will end the housing depression.

### TOO MUCH MONEY FOR YOUNGSTERS (Niagara Falls Review)

Too much money can spoil boys and girls just as it can spoil men and women. Boys and girls of 15 and 16 who are being paid \$9 a day working in Ontario's tobacco belt are receiving sums which may warp their outlook on the compensation they should receive when they attain adulthood. Very few adult workers in the Niagara peninsula are making \$9 a day in factory or office, and the average farmer who had \$54 in cash in his hands at the end of the week would think he was in Utopia.

Granted these are extraordinary times as regards labor shortages. But, aside from this, we believe too many children are given allowances which are too large. It seems to us there should be a re-adjustment of values.

Erie, separated from the United States by the booming falls, the swirling rapids, the rich green flow of the Niagara River.

Ghosts of Canada's past keep step here with the quick commerce of her present. In the hush of the evening the echoes of old battles may sound over the peach orchards and the purple vineyards. In the misty dawn on the river road a man gallops again to his death upon the heights of Queenston. On the rich wheat fields Loyalist fathers in their homespun keep step with their Tory sons in their overalls. The land calls to its heirs here. Here Canada is old.

This is the New Purchase, bought from the Indians at one tenth of a penny an acre 160 years ago, and settled by families whose descendants in many cases still live upon the land. Cultivated too, these days, by newcomers, men of other heritages speaking a dozen different tongues.

The Treaty of Paris ending the American Revolutionary War was in 1763. It was the beginning of the settlement of the Peninsula. Men who had remained loyal to the British Crown came by boat and on horseback and even on foot, from their homes in the lost colonies. At the Crystler Farm, some miles south from the town of Niagara-on-the-Lake, there is an amazing record compiled by Mr. J. M. Crystler, of one such saga.

Today, the Crystler farmhouse, a prosperous red brick pile, stands on the acres granted over 150 years ago to Adam Crystler. It is still a crown deed farm never having left the Crystler family.

Today's house rises near the foundations of the first log cabin Adam and his wife Mary Ann (used to modest luxury in Schoharie County, N.Y.) built of black ash and pine logs. There were no sawmills to make boards. There were an open fireplace, a brick oven, a cord bedstead with a tick filled with dried grass or wild rice straw. Mary Ann pausing in her baking, could look out of her cabin door and see a solid wilderness of trees. Standing at their doorway, her descendants can look over hundreds of acres of rich orchard land.

Helping to open up the Niagara Peninsula meant, to Adam Crystler, the building of quarters for his family, servants and slaves, the planning for barns and stables, and the opening and clearing of land. Lake Ontario a few miles north of the homestead, and the Niagara River, teeming with fish: sturgeon, whitefish, trout, bass, pickerel and herring. These were salted for winter. For change in the fare there were bear, partridge, duck and other wild fowl.

It took about four years for the settlers to clear enough land to grow food to support themselves. During this time the British Government supplied them with flour, house necessities, seeds, implements and clothing. But on Dec. 25th, 1788, "Street and Butler" credited Adam Crystler with two pounds, 10 shillings for 50 cabbages, and in January, 1788, "Hamilton and Cartwright" gave him credit for "60 pounds, 10 shillings for 151 bushels of wheat at eight shillings."

As Adam Crystler lived, so did the others who came when the land was wilderness. When he died in 1793, at 61, and was buried on his own land, his grave was the third in the district.

Adam's son John, laid the foundations of the rich fruit farm Crystlers was to become. On a sandy knoll he laid out an orchard of red cherry, quince, plum, peach, pear and apple trees.

John Crystler, in his lifetime, saw the forests of the Peninsula fall before the axes of the settlers and saw the first log houses replaced by stone buildings, and the establishment of provincial and municipal governments. He saw churches and plank roads built upon the old Indian trails. The present Lake Road to Niagara, and St. Catharines' car line, for example, follow the Mohawk trail Adam Crystler knew.

John Crystler saw the men who came with his father, in allegiance to the British King, rise and protest and even fight for what they believed were their rights. In this time Mackenzie's speeches rang in the homes and meetinghouses of the Peninsula, and the Colonial Advocate was published in a stone house a tourist can visit today, not far from the Crystler farm.

John Crystler knew of Linus Miller and the 16 others captured after the Short Hills raid and condemned to exile in Van Diemen's Land (Tasmania). He watched the streams of settlers going west, portaging from Queenston to Chippawa. The Peninsula towns flourished. Queenston alone had, at one time, 13 public houses. Niagara became the centre of supplies for almost all of Southern Ontario, and now somewhat St. Davids was the centre of milling industry.

Such was the beginning of the settlement of the New Purchase, known today as the Niagara Peninsula. Today, driving from Toronto, your route takes you into the past—Homer, St. Davids, Chippawa, Montrose, Thorold, Welland—where the names brought from England alternate on the road signs with the land itself. And amid these reminders of the past you come to a vigorous symbol of the future—the Welland Canal.

Above the locks the water spreads a placid wide surface. The great concrete structure is slowly filling with water. Upstream a smoke pillar rises above the trees and in half an hour the nose of a giant grain ship appears around the bend. With majestic slowness the vessel moves into the narrow canal opening at Port Colborne to cross the New Purchase with western wheat for the east—perhaps for Europe.

Ten miles to the east the Niagara River rushes its prehistoric way because of the Welland Canal, no longer is there need to portage around the falls or the rapids. Canoes, pleasure yachts, freighters—all float down the 326½ foot drop from Lake Erie to Lake Ontario. There was a canal before, built in 1824-29 by the Welland Canal Company. It stretched from Port Dalhousie via the 12 mile creek to Port Robinson on the Chippawa Creek, where it joins the Niagara River. Previously all water freight was transported overland around the falls from Queenston to Chippawa.

There was a second canal, a mere enlargement of the first one, completed under the careful eye of the Legislature of Upper Canada in the year 1845.

The third canal was again an increase in size, but now the Great Lakes steamers had grown too large to leave Lake Erie and the grain traffic from the west to the Atlantic had been increasing.

So, the Fourth Welland Canal, the present one, went into construction in 1913. It follows the Ten Mile creek, joins the third Canal at Thorold where the elevation is 556 ft. above sea level and follows the enlarged and straightened old canal to Lake Erie. The first lock is at Port Weller, the second between there and Homer, the third south of Homer. At Thorold there are double locks, similar to the Gatun locks on the Panama Canal, electrically controlled. The control lock at Numberstone is 1,380 ft.—the longest lock in the world. The canal was completed in 1913. It cost \$130 million. A ship can pass through the canal in eight hours.

MAIN EAST GRIMSBY

By PRUNELLA WOOD  
Chrysanthemums, pumpkins and the sniffles all arrive in the fall, come what may, and it's a good idea to clothe your schoolchildren with weather-right fashions which will thwart the sneezes, and leave them free to enjoy the harvest. This seven to fourteen size raincoat is a reversible coat, wool plaid one side, cotton gabardine the other. It's hood is detachable; and it has big, handy pockets.

**Strictly Canadian by Claire Wallace**

In the beautiful Dominican Republic, called "the land Columbus loved," and where I spent some time this summer, the custom is to hiss at a waiter if you want him to come to your table. "Sassa!" you say loudly through your front teeth and the waiter hustles over. (He does hustle over, too! In this republic, servants are so well trained and conscientious they not only hustle but also say, "At your service," and they are.) Whistling through the teeth at a waiter seemed awfully rude at first, but I soon came to it, too, when I found waiters and waitresses ignoring my more subtle Canadian way of attracting their attention.  
What is our Canadian way of calling a waiter? Well, it isn't waving at him frantically, calling loudly, snapping the fingers or tapping out a summons on a drinking glass with an eating utensil. Perish the thought, particularly on that last one.  
The correct way to summon a waiter or waitress, whose eye you can't catch, is to wait until he or she is within hailing distance and then say clearly, but not loudly, "Waiter!" or "Waitress!" as the sex may be. In England you can call the waitress "Miss," but in Canada it's to be avoided—as waitresses don't care much for it.  
If a waiter won't come close enough to be spoken to, bide your time until you can catch his eye and then nod to him or beckon with one finger.  
It is not worthwhile to make a noisy fuss to attract a waiter's attention. Greed, it is often irritating to sit around waiting for one, and in these days of untrained help, we often find service sadly lacking, particularly in restaurants. However, the waiter is usually just as anxious to hear your table and get your tip as you are to get away. So hold on for a moment, keep an appointment or catch a train, ex-plain the situation to the waiter or waitress as soon as you sit down at the table and you'll probably get the fullest co-operation and timely service.

**QUESTIONS—ETIQUETTE—ANSWERS**  
SIGNATURE: Doris M., Vancouver, B.C., and "Reader," of Montreal, both ask solution to this problem: "I have always been in doubt as to how a married woman should sign her name on a hotel register and on various things which require her signature, including a letter such as this."  
ANSWER: In signing a hotel register, a married woman writes her married name, thus: "Mrs. John J. Doe." Only a divorcee signs a her register, "Mrs. Mary Doe." When husband and wife register in hotel, correct inscription is, "Mr. and Mrs. John J. Doe," not "John J. a hotel, Wife." The following little rule may be used as a guide. In Doe and hotel register, guest book or anything that is impersonal, signing: married name in full—"Mrs. John J. Doe." When your signature is a personal one, for instance signing a letter, then you use nature: and married name: "Doris Doe," and add in brackets ("Mrs. Christian John J.")  
MING: A minister in Watford, Ont., writes: "Should a bride up the aisle in church on her father's right arm or left, or is proceed direct?"  
ANSWER: It is very pleasant to find quite a few men reading ANS column and writing about problems. To reply to your question a bride walks the aisle she goes towards the altar on the our etiquen—her father. When they reach the groom, who is then stand-her right, the bride steps neatly into place beside him. Coming right church, the bride takes the right arm of her husband. If she ing on the right, she's right! And that's an easy way of remember-keeps  
Readers are invited to address etiquette problems to Claire ing. Wallace. Write Claire Wallace, care The Grimsby Independent, Grimsby, Ontario, Canada. Replies will appear in this column.

**RESPECT THE SUN**  
Reminder that too much sun can be harmful, is issued by National Health headquarters. Excessive exposure to sunlight can cause sunstroke, Canadians are reminded. Sunstroke, indicated by high fever, demands that the sufferer be kept cool. There is also a condition called "Heat Exhaustion", symptoms of which are paleness, coldness and clamminess, and which calls for care in keeping the patient warm. In both cases, a doctor should be called.

**Hints On Fashions**

A good choice for a coat that has to see one through the winter and appear in proper perspective for various occasions and times, might well be this design. It is of royal blue woolen with an adjustable cowl collar of black Persian lamb that is ready at all times to serve as a hood. The back is nicely flared and the easy sleeves end in handsome cuffs of fur. The pockets are fur-edged. Three self-buttons close to the neckline and the coat has a black lining.

**THE MIXING BOWL**  
BY **Anne Allan**  
HYDRO  
HOME ECONOMIST

Hello Homemakers! Many of us are resuming the job of packing lunch boxes now that cooler weather is here and school routine has been re-established. When the lunch box comes down off the shelf, it is also time to take stock of suitable menus. The well-planned mid-day meal for a growing child cannot be over-emphasized—like-wise the one for the office worker. Some schools and factories serve soups and beverages at moderate prices, thus eliminating the need for carrying a thermos. If this service is not available or is found to be costly, it is advisable to make use of the standard lunch box containing a thermos and fill it every day with a wholesome beverage or soup.

### SANDWICH IDEAS

1. Chopped meat and gravy: Put leftover cooked meat through a food chopper and moisten with thick gravy.
2. Scrambled eggs with cottage cheese or tomato. Add 2 tbsps. cottage cheese or tomato (chopped) to 2 beaten eggs. Scramble as usual, and cool before putting in sandwich.
3. Cottage cheese: Mix equal amounts of cottage cheese and chopped spinach with a little onion.
4. Chopped prunes or peaches mixed with cream cheese and moistened with skim milk.
5. Chopped bacon and mashed cooked kidney beans—flavoured with a little onion.
6. Peanut butter spreads: (1) Add half quantity of diced apples. (2) Add ½ mashed banana. (3) Mix with shredded carrot.

### CARROT AND BARLEY SOUP

¼ cup barley, 5 cups cold water, 1 cup diced carrots, 2 tbsps. chopped onion, salt and pepper, 3½ cups milk.

Soak barley in water overnight. Cook in same water for 45 mins. or until tender. Add carrots, onion and seasoning about 30 mins. before end of cooking time. Stir frequently, add more water if necessary. Add milk and when hot put in thermos. This makes three servings.

### LUNCH BOX MENUS

Carrot and Barley Soup  
Scrambled Egg Sandwiches  
Gingerbread squares Apple  
Cream Tomato Soup  
Chopped Meat Sandwiches  
Carrot Strips  
Fruit Salad  
Potato Salad and Celery  
Buttered Brown Bread  
Custard Cookie  
Hot Cocoa

### THE SUGGESTION BOX

Mrs. S. M. says: By all means group the family around the dining room table for study and hobby work. Use a 200-watt study lamp over the table to save electricity and provide adequate light.

Mrs. J. T. says: Taking spots off a crepe dress can be done easily if cleaner is used immediately. I found that a little at a time did not leave a ring, or do it in the open air so the liquid evaporates quickly.

Mrs. N. S. says: You can sharpen scissors by cutting through fine sandpaper several times.

Anne Allan invites you to write to her c/o The Grimsby Independent, Grimsby, Ontario, Canada. Send in your suggestions on home-making problems and watch this column for replies

The profit motive also develops many profits.

Normal times will be here when the nickel candy bar begins selling for five cents.

### "MIRACLE" GIRL

Two years ago, Doana Hartt, young Australian ballet dancer, was so seriously burned in a dressing room fire at a Sydney theatre that no hope was held for her recovery. Now she is on a world tour with her mother. When she reaches the United States, she plans a visit to the Mayo clinic in Rochester, Minn., for treatment that may restore use to her leg muscles, which have atrophied during her long illness.

## Men, Women Over 40 Feel Weak, Worn, Old?

## WALKERS BEWARE IN FALL

Fall begins the most dangerous season for pedestrians. The reason is early darkness and bad weather. The graph shows how pedestrian deaths increase steadily to December peak.

## MEET DANNY DODGER AND PALS: YOU MAY RUN INTO THEM SOON

By PAUL JONES

National Safety Council  
Meet Danny Dodger, Shortcut Susie, Gertie Gawker, Bertram Bookworm and Bennie Bullhead! You should know them now, because they won't be with us long. You see, they are pedestrians—the craziest people you are likely to run into.

Here are their descriptions:  
**DANNY DODGER**—Gallops through traffic, skirts a taxicab, dodges a truck and hops on a streetcar with a triumphant grin. The performance would make a football coach happy, but the motorists who gaze a few grey hairs are not pleased with Danny's end run.

**SHORTCUT SUSIE**—She spies a friend across the street and wants to show her a new hat. She darts directly across, in the middle of the block, yoo-hooing almost loud enough to drown out the squealing brakes.

**GERTIE GAWKER**—She clings to the boy friend with both hands, look soulfully up into his face. She depends upon him to guide her. But with Gertie such an eye-fel, the boy friend's mind isn't on the guiding business. He meanders dreamily across the street oblivious to traffic.

**BERTRAM BOOKWORM**—He finds an intersection a handier place to read than a library. He usually gets his somewhere between the sport page and the classified section.

### ADULT EXERCISE

If you are over 35, or have not been in training, don't undertake strenuous exercise without first having a full medical check-up, with the doctors. If exercise leaves one fatigued and depressed, with a rapid heart which doesn't slow down promptly, and with a trembling feeling in the muscles, cut out such exertion. The authorities remind Canadians that, unless they are used to a certain amount of exercise daily, they can't take a chance on a sudden spurge of energy over a week-end, or on holidays.

### NEW PRIMATE

Bishop George F. Kingston, Bishop of Nova Scotia, who was chosen as primate of the Church of England in Canada at the diocesan meeting in Saskatoon, Sask.

## CONTINUATIONS From Page One

**PEACH KING DAIRY**  
The oBard and the municipal authorities were complied with.

So thus ends a controversy that has stirred the council, the press and the citizens for the past six weeks.

Mr. Thompson informs The Independent that he will immediately commence the installation of all the required machinery and equipment necessary in the operation of a high class dairy and in a short while will be making daily deliveries of all types of milk and cream, as well as butter, direct from the new building on Main street.

### RETAIL LUMBER PRICES

group is embodied in the following statement:

RETAIL LUMBER PRICES TO REMAIN UNCHANGED — At a special meeting of the Directors of the Ontario Retail Lumber Dealers' Association held in Toronto, on September 18th, the effect of De-control on lumber prices was thoroughly reviewed. Regret was expressed that a wrong impression had gone forth through the press and radio that lumber prices in general were about to be advanced considerably. This erroneous impression was caused, no doubt, by notification in the press of a recent increase on some items from British Columbia. The retail lumber interest feel a responsibility to the public to maintain as far as possible the present price structure, and will use their best endeavour to impress upon the producers of lumber that this thinking is most necessary at this time. The retailers feel that the housing situation in Canada is still far from being solved and intend to co-operate so that the building of small homes may be continued till the demands are satisfied.

### COUNTY TURNS BACK

During the sessions of the Charity and Welfare Committee under the chairmanship of Reeve Frank Laundry of Beamsville, council approved the expenditure of the Road Department in the amount of \$1,799.20 for the resurfacing of driveways at the Niagara Peninsula Sanatorium. The expenditure was charged to Charity grants. Hospital accounts presented by the Chairman to council were approved for payment.

The Assessment Committee and the county council approved yesterday of a suggestion of Ron Keating, Merriton assessor and Chairman of the Lincoln County Assessors' Association, that the council advise county residents by letter regarding the theory and practice of the new assessing procedure recently adopted. Mr. Keating stated that he felt such a step would go far to alleviate any unfavorable reaction and adverse comment.

The question of aid to the Victorian Order of Nurses came up again at the session when council was interviewed by Misses Ferguson and Miller of the Order. Council was again requested to purchase cars for the order but the members decided to hold to their original intention of simply making a grant for services. Deputy-Reeve R. G. Dawson of Niagara Township presented the monthly report of the Industrial Home during the sessions.

The County of Wentworth requested and received from Lincoln County approval to a resolution calling upon the provincial government to increase financial aid to hospitals for incurables. At the close of the one-day sessions Reeve J. R. Stork of Louth Township presented a report on costs to the county for Grade A and B pupils in continuation, high and vocational schools, prepared by the special Education sub-committee. He stated that the accounts totalled \$56,743.48 and he recommended payment for \$53,761.89, pointing out that some adjustments were necessary.

### GRIMSBY HIGH PUPILS

As one who has had the pleasant privilege of association with many high school graduating classes, I pay tribute to the class of 1947 as being outstanding in co-operation and earnest effort. A big led by Havelock Jewson, who acted as Chief Executive, excitingly reported by "Brydon and Riches," encouraged in scholarship by the achievements of Jeannine Nelles, artistically portrayed by Philippa Thompson and harmoniously accompanied by Madeline Pogachar, each name on the list represents an interesting personality and a talented citizen. I feel sure that each will make a worthwhile contribution to the social and business life of the larger community beyond the confines of Grimsby High School. It is a matter of personal gratification that so many of the group have chosen to seek further training at University and College.

The following list gives an impressive view of the wide variety of interests and training units contacted by this graduating class 1947.

Elaine Brownlee—Occupational Therapy—University of Toronto  
Arthur Brydon—General

and Journalism—Queen's University.

Garth Bedford—Aeronautical Engineering—Probably Toronto University.

Douglas Cole—Has joined the business firm of Cole's Ltd.

Shirley Cornwell—Has returned to High School for further training.

Frances Dafee—Laboratory Technician—Queen's University.

Anna Earle—Is following a business career.

William Farrell—Has returned to High School for further training.

Phyllis Garland—Attending Business College in Hamilton.

Muriel Gracey—Joined the staff of the Canadian Bank of Commerce.

Elizabeth Hand—Laboratory Technician—Queen's University.

Jane Higgins—Laboratory Technician—General Hospital.

Havelock Jewson—Dept. of Physical and Health Education—University of Toronto.

Louise Knight—Design—School of Architecture—Rhode Island, U. S. A.

Fred Koslo—Well's Business School.

Wilda Morris—Teacher's Course

Hamilton Normal School.

Joyce Marlow—Joined the staff of the Canadian Bank of Commerce.

Jeannine Nelles—Commerce and Finance—University of Toronto.

Madeline Pogachar—General Arts—University of Toronto.

Donald Riches—General Arts University of Toronto.

Philippa Thompson—General Arts—McGill University, Montreal.

### COUPLE LEAVE DRUG

at Winona which, in addition to producing fruit, would be suitable to the growing of mulberry trees and raw silk production. Mrs. Sparling's re-establishment credit, administered through the Department of Veterans' Affairs, assisted materially in furnishing their new home and in getting started in their new business venture.

While their work this year has been experimental only and they have made no shipments, results, they said, have been very gratifying so far and they have every hope of being highly successful in the years ahead.

Purchasing the Winona property in January of this year, they imported 1,000 hybrid mulberry

bushes, of the non-fruit-bearing type, from Mineral Wells, Texas, which were set out in early spring and have grown successfully. Mulberry leaves are the only food of silk worms and, when the bushes had advanced to the leafing stage, they secured a quantity of silk worm eggs from the Canadian Sericulture Company Limited, of Brantford, an organization started by an R.C.A.F. veteran of the last war.

"The life cycle of the silk worms is but 28 days," Mrs. Sparling explained, "and during this time it is necessary to feed the worms, which are kept on feeding trays, every four hours. In our experimental work we have kept the worms on lino-covered fruit basket tops. Regularly, a sheer cloth or muslin is used. In their life span, the worms moult five times."

"Having attained full growth, the worm," she said, "is ready to spin its cocoon. The worm, inside the cocoon, changes to a chrysalis (pupa) which, after about 12 days, becomes a moth."

Each female moth, it was learned, lays from 300 to 400 eggs and one ounce of eggs will produce about 40,000 silk worms which will require about 1,500 pounds of mulberry leaves for their life cycle. It takes about six weeks in which to complete the cycle from egg to cocoon which constitutes the saleable crop of raw silk.

Silk worms must be raised indoors with careful temperature regulation. The worm has a mouth but no eyes, while the moth has eyes but no mouth.

The mulberry bushes, which may be successfully grown in this area, are planted out as soon as the frost leaves the ground.

"This is something entirely new to us," Mrs. Sparling said, "but I get a great kick out of feeding the worms and looking after them. Eventually, I hope, it will be a worthwhile business."

Asked if she had any intention of going back to the drug business, Mrs. Sparling replied, "I may go back and do a little dispensing some time, but this farm life is certainly enjoyable and healthy."

# The Answer To The 64 Dollar Question

## TRACTOR

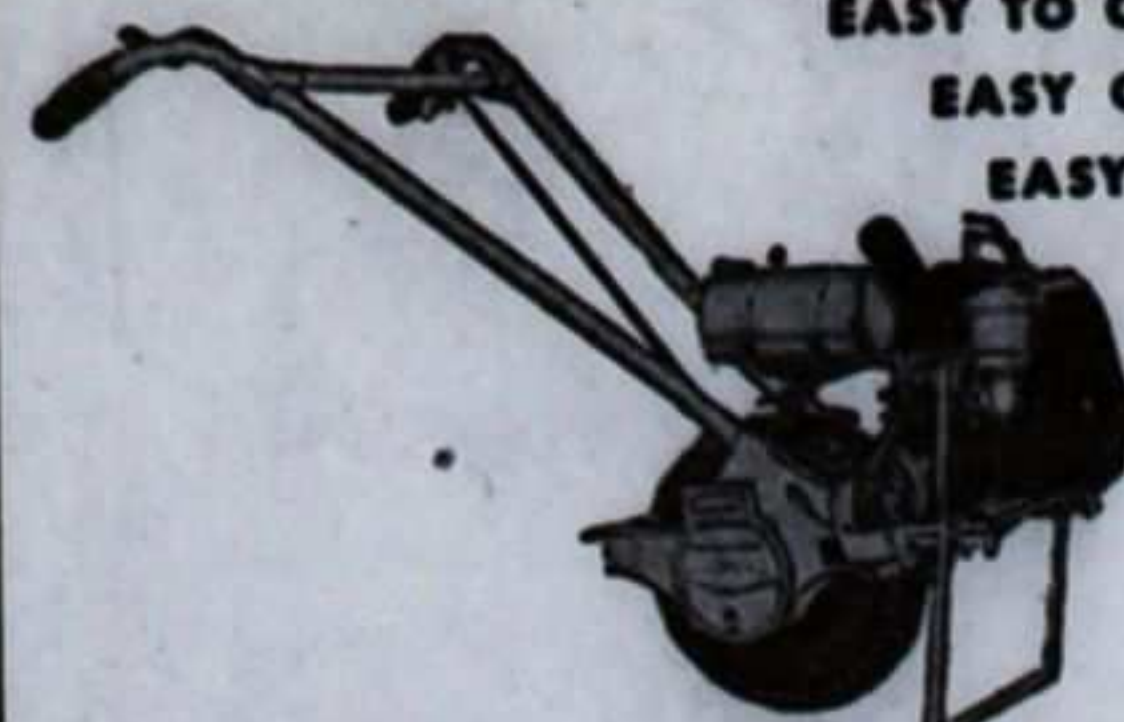

Briggs and Stratton 1½ Horse Power Engine

Single Wheel With Rubber Tire

Mercury Friction Clutch, plus Hand Clutch For Easy Operation

All Attachments Are Very Simple To Connect

**\$149.50**  
Attachments  
Very Reasonable

This sensational new power tractor makes child's play out of grass cutting and cultivating tasks.

Powered by a rugged 1½ HP motor and perfectly balanced on an easy-riding pneumatic tire, the CHOREMASTER saves you years and years of back-breaking labor.

Aside from cutting grass in a jiffy, when equipped with low-cost attachments, the CHOREMASTER cuts weeds, weeds, dices, cultivates, plows snow, bulldozes, etc. Manufactured by Special Products Division, Lodge & Shipley Co., precision machine builders. Call or stop in today, we'll be glad to arrange an eye-opening demonstration of the labor saving CHOREMASTER and attachments.

7.00 p.m.—Evening Worship.  
Sermon: "Foundations for Reconstruction"—IV: "The Recovery of Urgency."

Miss Mary Wilcox has returned to her home in Ithaca after an extended visit with her relatives the Rev. Neil M. Leckie and Mrs. Leckie.

Reports from Christie Street hospital, Toronto, where Ralph Boehm underwent a serious operation last week, are to the effect that he is slowly making satisfactory progress.

Mr. E. Cockburn Kye, formerly Librarian of Sandringham House with King George and later at Queen's University, Kingston, has been the guest of Dr. and Mrs. Leckie.

Miss Betty Hand and Miss Frances Duford left Sunday to enroll in the Faculty of Arts at Queen's University, Kingston, where they will take up residence in Goodwin House.

Little Teddy Robertson, son of George and Mrs. Robertson, Robinson street north, and an employee of The Independent, has been seriously ill in West Lincoln Memorial hospital.

The Lincoln County Public School Teachers' convention will be held at the Grantham Consolidated School on Friday, Oct. 3. In the evening the teachers will banquet at the Hotel Leonard.

Among the members of the Ladies' Auxiliary Canadian Legion, of Grimsby, who attended the rally at Simcoe, were Mrs. George Warner, Mrs. L. E. Larsen, Mrs. George Robertson, Mrs. L. I. Burton and Mrs. T. H. Stewart.

Mrs. L. J. Pettit attended the District Meeting of the Red Cross at St. Catharines on Tuesday, as local representative. She was accompanied by Mrs. J. A. Graham, president of Grimsby and District Red Cross Branch.

Condition of ex-Mayor Arthur Hewson, who suffered an attack at his home on Livingston avenue, last Friday necessitating his removal to Hamilton hospital, is gradually improving and it is expected that he will soon be able to return home.

Promotion exercises were held at Trinity United Sunday School in Trinity hall Sunday afternoon with H. V. Betzner, superintendent, presiding, and 152 adherents attending. Next Sunday, the Sunday School will attend church in a body, with the church service and Sunday School combined.

Mr. Perrin Baker of Vancouver, B. C., is visiting with his daughter Mrs. (Dr.) J. M. Mather. It is 42 years ago since he left Grimsby. While here he was pastor of Grimsby Baptist church for two years. Since leaving he has resided mostly in Alberta and for several years was Minister of Education in the Provincial government.

Mr. David Seth of Glasgow, Scotland, who has been visiting with his sister Mrs. Walter Grossmith, Livingston Ave. for the past several weeks left by motor for Montreal on Tuesday morning. He will sail from there on Friday for his home in the Old Land. Mrs. Grossmith accompanied her brother to Montreal and will return within a few days.

## Engagement

Mr. and Mrs. Solon Burgess announce the engagement of their elder daughter, Luella Beverley, to Mr. Gordon Strathearn Lipsett, elder son of Mr. and Mrs. Gordon Lipsett, Grimsby. The marriage to take place in St. Andrew's Church, October 18th.

## Shower

Miss Marion Gertrude Smith, an October bride-to-be, was the guest of honour at a miscellaneous shower given by Mrs. Edward Metcalfe at the home of Mrs. Humphrey Burton.

The evening was spent in playing bingo, and concluded with appetizing refreshments served by the hostesses.

Most of the present day fighting is around the peace table.

## A DREAM OF A GOWN

By ALICE ALDEN

Lingerie prepared for the next season is as lovely, as elegant as the new fashions and is replete with all sorts of beautiful hand-work and interesting ornamentation. The very talented Yolande designed this beguiling nightgown. Made entirely by hand, of blue satin, it tells a story in the lavishly worked satin applique on its net yoke. The carpet shoulders are adorned by an old-fashioned boy on the right, and his companion, a graceful girl, on the left. At the center, they are engaged in a charming "proposal" scene with a romantic background of embroidered trees and flowers. This model would make a delightful gift.

## I.O.D.E.

The regular business meeting of Lincoln Loyalist Chapter, I.O.D.E., will be held in the Chapter Rooms, Village Inn, on Monday afternoon, September 29th, at 2.45 o'clock.

The I.O.D.E. September group held a bake sale on Saturday afternoon with proceeds going to the Order's War Memorial fund. Mrs. Nell M. Leckie, convener, was assisted by Mrs. Cecil Gowland, Miss Erma Glave and Mrs. R. N. Wolfenden.

## HEALTH CLINIC

The bi-monthly clinic was held in the Parish Hall with Dr. Jeff of the Lincoln-Saint Catharines Health Unit in charge.

Miss Price, school nurse, and two other nurses were assisted by Mrs. L. E. Larsen and Mrs. Arthur Henley, representing the Women's Institute and the Mothers' Club, respectively.

Mrs. Henley has now been appointed receptionist and one of the nurses will take over her work at the immunization table.

Mrs. Larsen will continue to look after the weighing and registering.

## ST. ANDREW'S CHURCH

### TRAINING COURSE IN RELIGIOUS EDUCATION

A six weeks training course in Religious Education for Anglican Sunday School teachers opened last Tuesday night in Memorial Public School, St. Catharines, with a large registration of people from all parts of the Niagara peninsula.

There are courses of study for beginner-primary, junior, senior and Bible Class groups, as well as on administration. A group of eleven were present representing St. Andrew's, Grimsby.

The course continues until the end of October on Tuesday evenings. Similar schools are being held in Hamilton and Guelph.

One of the courses of study deals with the psychology of adolescence. Typical youth needs, said the lecturer, the Rev'd John Anderson of Stoney Creek, are the needs for security, recognition, new experiences and an opportunity to reform the world. Provision must be made in religious education for the satisfaction of these needs in the right way or youth will find its own satisfaction of them in detrimental ways.

These courses are open to all interested in questions of education.

Dedication of the new memorial organ in St. Andrew's Anglican Church, installed as a memorial to the late Rev. J. A. Ballard, rector of St. Andrew's from 1905 to 1944, will take place on Tuesday evening, October 28, with Rt. Rev. L. W. B. Broughall, Bishop of Niagara, officiating.

## Nuptials

### SCRIVENER-HOWSE

White gladioli decorated St. Thomas' Anglican Church, Toronto, for the marriage on Saturday of Margaret Mary, daughter of Mr. and Mrs. Thomas Henry Howse, to Mr. Richard Harding Scrivener, son of Mr. and Mrs. Robert Massey Scrivener, Toronto and Grimsby. Rev. Canon C. J. S. Stuart officiated at the double ring ceremony, and fully choral music was provided by Mr. A. E. Clarke and 16 boy choristers.

After the reception in Vanity Fair, King Edward Hotel, the couple left on a trip. They will live in Toronto.

Among the guests were Mrs. R. A. and Miss Jane Maeder, and Mrs. C. D. Millyard, Grimsby.

### DUFFIELD-BOETTGER

Doreen Phyllis, daughter of Mr. and Mrs. E. Boettger, Winona, and Keith Allan Duffield, son of Mr. R. C. Duffield and the late Mrs. Duffield, Grimsby, were married at 2.30 o'clock Saturday afternoon in Winona, Grimsby, with Rev. A. J. Harris officiating. More than 100 guests were present, and there was an after-reception at the home of the bride's parents. Summer flowers and ferns decked the church, and Miss Marilyn Boyce was soloist. Mrs. Reid Smith was at the piano, and Mr. Tom Peake played violin numbers.

The bride, whose father gave her in marriage, was gowned in white satin, with train, and her veil was caught to a headress of lilies and orange blossoms. She carried a cascade bouquet of white chrysanthemums and white gladioli.

Mrs. Bruce Amy, in ice blue taffeta, with beehive to match, and bouquet of cerise and peach gladioli, was matron of honour.

Misses Betty Wallace and Margaret Humphreys, in dresses of cerise crepe, with matching headresses, and gladioli nosegays of cerise and peach shades, were bridesmaids. Miss Lois Carpenter, as flower girl, was in white, with a pretty headress, and bouquet of gladioli in varied tones.

Mrs. Bruce Amy, Kitchener, was best man, and the ushers were Messrs. Clarence Boettger, (Port Elgin), and Lyle Luey, (Grimsby). The bride's mother, receiving at the reception, was in black crepe with pink-trimmed hat and corsage of pink carnations.

Going away on the wedding trip to the United States, the bride wore a brown suit and accessories, pink blouse and corsage of pink carnations.

### HURST-WARNER

The marriage of Doris Elizabeth Warner, daughter of Mr. and Mrs. Ralph A. Warner, of Toronto, to Lawrence Judson Hurst, son of Mr. and Mrs. Lloyd E. Hurst, of Markham (formerly of Grimsby and Beaverville), was solemnized by the Rev. C. G. Nigginson in Prospect Park United Church, Toronto, on Saturday evening, September 20th, at 6 o'clock.

Escorted to the altar by her father the bride wore a gown of brocade white satin with long embroidered veil held by a coronet of orange blossoms. She carried a cascade of red roses.

Miss Marilyn Warner, sister of the bride, was maid of honour and wore a gown of French green crepe and carried yellow gladioli. Miss Shirley Marsden and Miss Phyllis Waring of Toronto, were bridesmaids and were gowned alike in French green crepe and orchid crepe with beaded halo hats to match and carried yellow gladioli. Mr. Donald Annis of Whitevale, was groomsmen. Mr. Eldon Warner and Mr. Fred Kent of Toronto, were ushers.

The reception was held in the West End of the Y.M.C.A. on College St. and the mother of the bride received in blue crepe with black accessories and wore a corsage of pink gladioli. The groom's mother received in a gray ensemble and wore fuschia gladioli and yellow roses. The toast master was Cecil Millward of Burlington.

After the reception the happy couple left for the bridal suite in the King Edward Hotel and then motored to points west, including Windsor, Ontario; Detroit and Pontiac, Michigan. On their return they will reside in Weston, Ontario.

Another good way to give you a poor appetite is to run your eyes down the prices on the menu. There wasn't much juvenile delinquency in the days when a parent tried to set a good example for children.

## Coming Events

Alexina Rebekah Lodge will be a Homemade Bake Sale on Saturday morning, September 27th, from 9 to 12 o'clock, in the Grimsby Natural Gas Office.

## A NOTABLE TROUSSEAU TAFFETA

By PRUNELLA WOOD

This department received this fashion picture of Jessica Dragonette when she was choosing her fall concert wardrobe; but before it could be printed, Dragonette stepped off into matrimony, and front-paged the papers in favor of the music critics' columns for a change.

Maybe it's just a happy coincidence, but it would seem, fashionably speaking, that this pure silk ivory taffeta frock with tunic top and romantic skirt is trousseau stuff.

## Trinity W.M.S.

Trinity United W.M.S. began their autumn series of monthly meetings with a very enjoyable potluck supper in Trinity Hall last Thursday evening.

After the supper, the new pastor, Mr. A. L. Griffith addressed the ladies on the importance of the missionary work of the church, and of becoming well informed about that part of the church work.

The President, Mrs. E. H. Burgess then took charge of the Worship service, with Mrs. Cameron at the piano.

Mrs. Laura Wells introduced the new study book, "Great is the Company," which is the romance in story of how the Bible was translated and given to people all over the world. The story of three of the pioneers of that great company, Jerome, Wycliffe and Tyndale, through whose labours the Bible was given to England and the English speaking world, was read by Mrs. J. Theal, Mrs. A. F. Hawke and Mrs. Laura Wells.

Others reading interesting facts about the Bible were Mrs. S. G. Hawley, Mrs. Burnett, Mrs. Crawford, Mrs. I. R. Aikens, Mrs. P. Wilkins, Mrs. M. Hiltz and Mrs. A. L. Griffith.

The ladies are looking forward with much pleasure to further study of this very interesting book.

## Women's Institute

Citizenship was the theme of the September meeting of the Women's Institute at the home of Mrs. L. E. Larsen, with Mrs. William Layton presiding. Mrs. I. R. Aikens gave a paper on Citizenship; Mrs. A. H. Hermiston a humorous reading, and Mrs. Seth Reed also took part in the program.

Through the kind donation of one of the members, it was announced that the local Institute could complete payment on the obstetrical bed given by the Institute to West Lincoln Memorial Hospital, where it has been in constant use since installation some time ago.

With Mrs. L. E. Larsen as convener, the following were named wives and means committee: Mrs. James Fisher, Mrs. W. Bartlett, Mrs. Eli Beamer and Mrs. J. J. Graham.

A box of baby clothing has been sent to England to the daughter of one of the members, also one

for the daughter and mother. Recently their home was broken into and everything stolen, including clothing for the expected baby.

At the next meeting, at Mrs. Charles Bierd's home, a touch and take sale, under convener'ship of Mrs. Harvey, will be held. Lunch was served by Mrs. Larsen and Mrs. E. L. Sutherland.

## Eastern Star

Mrs. D. Cloughley, delegate of Grimsby Chapter, and Mrs. Marjorie Hitchman, attended the annual three day sessions of the Grand Chapter, O.E.S., held in the Royal York Hotel, Toronto, last week.

Many members travelled to Toronto on Friday evening when Mrs. Hitchman was installed as Grand Chaplain of Ontario, an honour of which Grimsby Chapter is justly proud.

## WHEN YOU NEED A NURSE— CALL THE V.O.N.!

Beginning Oct. 1st there will be two specially trained Victorian Order Nurses, one at Port Dalhousie, the other at Smithville. These nurses will be on call for every house in Lincoln County outside of St. Catharines, Thorold and Merriton. They will be ready to assist you under the direction of your own physician.

The Victorian Order Nurses are graduate nurses with specialized training in all types of home nursing and public health.

The cost of this service is chiefly borne by public donations from people who realize the value of it to the whole community, and by grants from our County Council. Also, so that each person receiving the benefit of this nursing service may have a small part in helping finance it, a charge of \$1.00 per call is made for each house call. Telephone numbers to be announced October 1st.

## HUMANE SOCIETY HOLDS TAG DAY ON SATURDAY

The third annual tag day of the Lincoln County Humane Society in Grimsby and Grimsby Beach will be held on Saturday, the 27th, with Mrs. Robert Glaesner, Miss Florence Brown and others interested in the cause of dumb creatures in charge.

The object of the S.P.C.A., the world over, is to prevent cruelty and the first step to this is, humane education. It is to prevent cruelty and to further humane education as well as the general running expenses of keeping the ambulance on the roads of Lincoln County, investigating reports of cruelty, of finding homes for unwanted dogs, cats and other animals, rather than allowing them to be turned loose to forage for themselves or starve, that your generous contribution is asked on Saturday.

Remember the Humane Society is a public service, maintained mainly by the generosity of the people. So don't pass the taggers, who are so generously giving their time.

More than 11,000 warm air furnaces were manufactured in Canada during the first quarter of 1947.

## Vinemount News

Friends and neighbours of Mr. Sam King, a native of Tweedside, but now residing in Hamilton, held a community shower in the Vinemount women's Institute hall Friday night, in honour of his approaching marriage to Miss Helen Beach, Hamilton. Wedding September 27th. A program consisted of solos, duets, violin, etc., by the following: William and Dave Kernahan, twin brothers; Frank Start, Mrs. E. Miller and Mrs. E. Nichols, accompanist. The young people received many lovely gifts. Mr. James Stewart was chairman. The rest of the evening was spent dancing. Refreshments were served.

The Vinemount Women's Institute held its fall meeting in the W.I. hall, with the president, Mrs. G. A. Gliddon, presiding. The secretary-treasurer, Miss Anne Johnston, gave a fine report on the several activities in the hall during the summer months. The meeting was primarily a business meeting, making plans for the winter's work. It was unanimously decided to sponsor the Teen-age canteen again this year with other activities under consideration. The president gave a report of the S. W. W. I. executive meeting held last Saturday in the Agricultural Office, Hamilton.

(By PEG 'N LYNN)

The melodious strains of Star Dust, our theme song, once again floated through the halls last Friday night. At approximately 8 o'clock the high school's first dance got under way. The fun had started at 8 o'clock when second form went to work on the innocent grade niners. They were really put through their paces.

The fun had begun that morning when the freshmen arrived at school. Each one was required to carry a six quart basket. Eleven quarts and a bushel basket were assigned to the new teachers and Mr. Awde respectively. The girls had to wear ties, odd shoes and socks, and could not wear makeup, or anything in their hair. The boys were required to wear their ties backwards and their trouser legs rolled up and odd shoes and socks. At the party the first stunt consisted of five girls "making up five boys." Then eight boys dressed up in old clothes. Then in old pirate tradition the first formers were made to walk the plank.

The teachers did not escape the fun (?) either. They were paraded up to the stage, the ladies with ties on; the men with their trousers rolled up and ties backwards. There they had kerchiefs put on their heads and were commanded to eat what ever they were handed. Various things appeared from a cob of corn to a stalk of celery. A race was called next. Each teacher was given a cracker to eat. When finished he or she was to whistle Jingle Bells. The winner was Mrs. Johnston. Mr. Sneider arrived late and had to be initiated by himself later in the evening.

A surprisingly good crowd turned out for the first dance. We hope this attendance will continue. At 10.30 a lunch of sandwiches, cookies and chocolate milk was served. Dancing continued until 11.30. Good-byes were said to our last year's fifth formers, who have now left for University, and also to Lewis Jones and Don McAlonen, both of whom have joined the Air Force. The two boys will be leaving sometime in the future. From what we hear a good time was had by all.

### "FIT AND FAIR"

"How to be glamorous in three easy lessons."

Miss Anne Delafield, founder of the Dubarry Success Course, visited our school this week through the medium of our movie projector. She gave three rules for beauty: the first and most important being—good posture, secondly—the proper food and sleep and thirdly—the art of applying make-up and its proper use. We are sure all the girls found this film to be interesting and instructive.

### TEACHERS OF THE WEEK

Mr. A. M. Piper from Mr. Piper comes to us in a Wingham High School. He is in graduate of Varsity, majoring in Latin and French. Mr. Piper he of the call of the "practical side of life" however, and teaches Grade 9 English and 10-13 Commercial. He likes our town very much.

Mr. Saunders graduated from Ontario Agricultural College in 1941, then entered the Army. After his discharge he attended onto a College of Education to become a science teacher. His classes are Grade 9-10-11 Agricultural Science and 9-10 Department of Agriculture.

His hobbies are baby Philip and no doubt his new home and garden on Oak street.

### SMALL TALK

It was a bright shiny Sunday afternoon—the perfect day for family walking party, papa tomato decided. Little baby tomato wanted to listen to the radio, but his father said, "You're coming!" Once they got going, the baby kept lagging behind, till his father lost his temper. He walked back to the little tomato stepped on him and claimed, "Catsup."

And—Have you heard about the Ken tucky cow which ate blue grass mowed indigo?

An old-timer is the one who the recall when it was popular fellow to have a gold tooth front of his mouth.

## RADIO

Expert Radio Check-Up By Qualified Radio Technician. JOHNSON'S HARDWARE PHONE 21

## TIME CHANGE

Town Clerk Geoffrey G. Bourne draws the attention of the citizens to the fact that there will be a change of time in Grimsby on Sunday when this municipality with all other municipalities in Ontario go back on Standard Time.

Set your clock back one hour before going to bed on Saturday night as Grimsby goes off Daylight Time at two a.m. Sunday morning.

There will also be a change in timetable on the C.N.R. on Sunday so you had better communicate with "Lindy" and see what the new train times are. That is better than missing a train and then blaming the railroad.

## Lions Club

The Autumn Advisory Meeting of Zone District A2 Lions International, was held Tuesday evening in the Village Inn. Representatives were present from Beamsville, Chippawa, Dunnville, Grimsby, North York, Port Erie, Merriton, Niagara Falls, Niagara-on-the-Lake, Ridgeway, St. Catharines, Port Colborne and Welland Lions Clubs. Addresses were given by District Governor William Phipps of Paris, District Secretary Bruce Malcolm of Toronto, and International Councilor Lou Whittaker of Welland. Past Deputy District Governor George Smith of Port Colborne, showed a number of coloured films of the International Convention in San Francisco. Deputy District Governor P. V. Smith presided at the meeting. Plans were made for the year's activities in Lions work for Zone 5. All delegates were loud in their praise of the hospitality of the Village Inn.

## Wolf Cub Pack

Due to weather conditions, the outdoor exercise planned for last week was postponed and an indoor games night was held.

John Brooks was presented with his second service star. Don Geis his third and Murray Shaw his first.

Bean Bag bowling was won by the Blue and Green Sixes.

The Knot tying relay was slowed up considerably by the Tenderpads getting tied up in their own knots. The Four Sixes of A Pack gave skits at the camp-fire while B Pack put on a new Jungle Dance, Tabuaki, the Jackal.

A new song of Tenderpad Tim was sung around the Red Flower. Plans are nearly ready for the Jarboree at Beamsville and instructions will be given out this Friday.

## Boy Scouts

The Jamboree is on next Tuesday and Wednesday. There are three items of interest to those interested in the work and training of Scouts and Cubs, the "Council Fire" on Tuesday at 7.30 p.m., the March Past and Grand Howl! by the Cubs at 1.30 p.m.; and "Jungle Dances" by the Cubs at 3 p.m.

At last Monday's Troop meeting there was a considerable amount of studying by the recruits to learn their tenderfoot tests. Ronald Wicharuk and Albert Mitchell passed their tests and with others will be invested on Monday.

"Apple Day" will be October 18. Scouts keep this day open for an united effort to help build up the Group and Troop Funds.

Troop Orders

Next regular meeting at High School on Monday, Sept. 29th, at 7 p.m.

Dress: Full uniform. Investiture of scouts as tenderfoot. Rehearsal for Jamboree.

The collection of coloured comics should be carried on by all Scouts. Details and time table will be given and at next meeting for Scouts attending the Jamboree. Leave Grimsby 2 p.m. The following equipment to be taken. Full uniform, leather shoes, warm over-clothing, pack or sack, plate or mess tin, knife, fork, spoon, cup, sugar, towel, soap, toothbrush, hairbrush, flash light, pencil and note book, blankets (3 suggested) waterproof.

## PLAYERS' GUILD

The Grimsby Players' Guild is reorganizing for the 1947-48 season. The reorganization meeting will be held in the Parish Hall, Grimsby, on Monday, September 29th, at 8 p.m. Anyone who is interested in the field of dramatics is welcome to attend the meeting and become a regular member of the Guild.

## Welcome

September 18th—To Morley and Mrs. Ort, Calator Centre, a daughter.

September 19th—To Norman and Mrs. Lunt, R.R. No. 1, Grimsby, a son.

September 23rd—To Allan and Mrs. Purdy, Beamsville, a son.

September 24th—To Michael and Mrs. Pasowysky, R.R. No. 2, Grimsby, a daughter.

## Obituary

### JOHN FANNING KERBY

Interment of the ashes of John Fanning Kerby, father of Mrs. Harriet Kerby Cushing of Philadelphia, took place in St. Andrew's churchyard following Sunday morning's service with Rev. E. A. Brooks, officiating. Mr. Kerby's mother, prior to her marriage, was Miss Harriet Nelles, of Grimsby.

### MRS. WILLIAM BLAND

Ill for some time, Mrs. William Bland, 95 Lake Avenue, Stoney Creek, the former Florence Eliza Chiswell, died Sunday at her residence.

Born in Devonshire, 79 years ago, she had been a resident of Stoney Creek for the last 33 years. She was a member of the Anglican Church in Stoney Creek.

Besides her husband William Bland, she is survived by a son, W. E. Bland, of Stoney Creek; and two daughters, Mrs. Dorothy Hughes, of Stoney Creek, and Mrs. Leonard Eames, of Hamilton, and Grimsby Beach.

Funeral services were held on Tuesday afternoon, with interment in Stoney Creek cemetery.

### JAMES DUFF

James Duff, of Glanford Station, clerk of Binbrook Township and former member of the township council, died Friday afternoon at St. Joseph's Hospital.

Born in Binbrook Township 66 years ago, he had been a lifelong resident and farmer of that district.

He was a member of Knox Presbyterian Church, Binbrook.

His wife predeceased him 10 years ago, and a son, Harley, was killed in Italy.

Surviving are three sons, John, Harold and Edwin; three daughters, Miss Helen Duff, and Mrs. Norman Parson of Hamilton, and Mrs. Garfield Young, of Binbrook; 17 grandchildren; and a sister, Mrs. Roy Wilson of Waterford.

The remains rested at the Coter Funeral Home, Mount Hamilton, where services were conducted on Monday afternoon with interment being made in Knox Presbyterian cemetery, Binbrook.

Casket bearers were: Niram R. Fletcher, Ralph DeGow, Louis Laidman, Stanley Laidman, Jack Woodward and James Beatty.

## GET YOUR COMICS READY FOR SCOUTS

Just to remind our citizens that the Boy Scouts will be calling on them for the coloured comic section of the weekly newspapers and Coloured Comic books, Tarzan, etc. Please save them in good condition as they are to be sent to England and the collection will assist the Scout Troop. When the drive is finally organized the Scouts will call about every two or three weeks.

## PERMIT IS NEEDED

Crown Attorney E. H. Lancaster, K.C., states that there must be a special permit issued whenever any alcoholic beverages are consumed at any private picnic or other affair. The case which prompted the advice was one where Mike Garkovitch and Joseph Vanecko were charged with having liquor in an unlawful place, a picnic in North Grimsby township, where the accused were in charge of the liquid refreshments. The pair, represented by P. K. Kerwin were fined \$50 and costs.

## TOOTH-BRUSH TYPES

Not everyone needs the same type of toothbrush. Only a dentist can advise one on particular requirements. Some people need only the regular use of the small, standard-size brush. Others should use a specially-shaped brush with a certain type of bristle. Still others need to use dental floss to clean between the teeth.

## OLDEST AIR TRAVELLER

FLIES AT 101 — Mrs. Clara Eddestone, of 5129 Harper Avenue, Chicago, 101 years old, who claims the title of World's Oldest Air Passenger, thinks she might like to be an airliner stewardess if she were "just a few years younger." She is shown here trying on the hat of Trans-Canada Airlines Stewardess Isabel Oliver, just before taking off from the Municipal Airport, Chicago for Montreal. Mrs. Eddestone made the trip to attend a reception for one great-granddaughter and the wedding of another, and to await the expected birth of a great-grandchild.

## "FIRE DEMON" IN YEAR CLAIMS 408 VICTIMS

Onion Of Prevention Worth (Ton Of Water Is Best Remedy, Says Dominion Commissioner.

"The fire demon in Canada continues relentlessly to destroy human life and property," states W. L. Clairmont, Dominion Fire Commissioner, in a message to the Industrial Accident Prevention Association.

He points out that last year 408 lives were lost through fire, and property damage amounted to more than \$49,000,000. In industry alone the property loss was nearly \$11,500,000.

Urging the co-operation of industry during "Fire Prevention Week" (October 5th-11th), Mr. Clairmont lists these fire dangers:

1. Poor housekeeping.
2. Electrical hazards: It is claimed that 20 per cent. of fires in industrial plants are of electrical origin.
3. Smoking: Smokers' thoughtlessness is the cause of 9 per cent. of fires in industry.
4. Hot bearings due to improper lubrication.
5. Handling of volatile liquid: Volatile liquids play an important part in manufacturing processes. Every employee handling them should understand their hazardous characteristics.

Mr. Clairmont adds: "We say 'an ounce of prevention is worth a pound of cure.' In the fire prevention field we say 'an ounce of prevention is worth a ton of water.'"

## LOVE SECRET OF NURSE ANIMATES SISTER KENNY

A touching romance extending through the years, but doomed to defeat, is told in RKO Radio's biographical film, "Sister Kenny," authentic story of the Australian nurse who developed a new treatment for infantile paralysis.

Rosafind Russell and Alexander Knox co-star, as Dean Jagger is top featured.

It is not generally known that Elizabeth Kenny fell in love as a young girl with Kevin Connors, (Dean Jagger) an Australian Army officer. Their romance lasted all through their lives and many times the wedding date was fixed, and each time postponed owing to Nurse Kenny's interest in the cause to which she has dedicated her life. A professional nursing barred nurses from marrying unless they left their profession.

"Sister Kenny" laid great store by her love, and the whole life was a struggle between love and duty, but duty always won. Kevin Connors died just about the time the picture went into production, still faithful to his love. The role of Connors in the picture was personally approved by Sister Kenny herself.

"Sister Kenny" is rated a memorable picture, for the performances of Miss Russell in the title role and Knox as her staunch friend who helps her fight her battle for recognition. Dudley Nichols produced and directed.

This fine picture will be showing at the Roxy on Monday and Tuesday of next week.

## TREMBLING ASPEN

Have you ever heard of the tree that fans itself? No? There is such a tree. It grows in warm dry places, usually. Trees breathe through the surface of their green leaves, and without air and sunlight they would, of course, soon die.

The tiny leaves of the aspen tree are able to get more air by trembling, just as you get more air and feel cooler when you fan yourself or sit in front of an electric fan or in a place where cool breezes can reach you. The aspen leaves hang on their stems so lightly and easily that the slightest current of air moves them, and this motion in turn brings them more air to breathe.

## DELIVERY

TWO BEACH DELIVERIES WEEKLY, TUESDAY MORNING AND SATURDAY MORNING. DAILY DELIVERY IN TOWN.

WE CLOSE AT 6 O'CLOCK SATURDAYS

(By Bones Livingston, Sportologist)

As for the subway series, Brooklyn versus the Yanks, you can pay your money and take your pick. There is an axiom always printed below prizefight comment in a great New York newspaper: "Don't bet on prizefights." The hazard is even greater when it comes to the baseball classic of the year, the "world serious" as the late Ring Lardner was wont to describe it.

### GRIMSBY MEN'S BOWLING LEAGUE SCHEDULE

Monday, Sept. 29th  
7.30—Gas House vs. East End  
7.30—Mountaineers vs. Rockets

## CONTINUATIONS

From Page One

**NEW TYPE OF**  
as winds up the mountain from  
No. Highway. Directly across on  
the opposite side of the road is the  
West Lincoln Memorial Hospital.  
A perfect setting for a country  
home, the property is called "Lin-  
coln Heights."

What makes the new home inter-  
esting, however, is its unusual de-  
sign and construction. It is a bungalow-type with a total floor space  
of 1800 sq. ft. The floor is of con-  
crete (no cellar), with plumbing,  
wiring and heating all under the  
floor. The heat is supplied by a new  
system of coil pipes which conduct  
warm water. The pipes impart their  
heat to the concrete of the floor  
which, in turn, radiates the heat  
energy to all parts of the home.  
Thus, an even circulating type of  
heat is effected. This system, one  
of the newer heating devices being  
installed in modern homes is called  
"radiant-heat."

The outside walls are perhaps the  
most unusual of the home's  
many new features. They are built  
from Sa-Co concrete panels. These  
panels are prefabricated in forms  
eight feet in height, 16 inches wide and  
6 inches thick. The exterior sur-  
face is waterproofed and sanded  
down smooth to a light grey fin-  
ish. The panels are mortared in  
place on 8 inch pier blocks and are  
joined to each other by means of  
bolts and mortar. A technical de-  
scription of the construction of the  
panels and the way in which they  
are put in place, joined, etc., would  
only bore the average reader. How-  
ever, the finished wall of concrete  
panels presents a very smooth,  
sturdy, good-looking surface.

On the interior wall placed next  
to the panels goes the insulation.  
The insulating material—aluminum  
foil sheets—is also a new material  
having been developed during the  
war. It is as effective as 3 inches  
of fibre glass insulation. Next to  
the insulation are the inside walls  
of plywood.

The new home when finished will  
be in the shape of an L, the main  
portion of the house is 60 feet long  
by 28 feet wide with terraces on  
the south and north side. A breeze-  
way joins the double garage to the  
house proper. The home is design-  
ed very simply with emphasis on  
using the 1800 square feet of floor  
space to the best advantage. The  
warm rays of the sun will be uti-  
lized to the best advantage in the  
winter by the many large windows.  
Over 65% of the surface of the  
south wall of the house is window  
space. The glass "twin-dow" will  
admit the ultra-violet rays of the  
sun which heat the interior in the  
winter. In summer the sun will be  
shaded from the windows by the  
large overhanging eaves.

The house, while far from being  
completed, was begun about the  
first part of July and Mr. Morton  
expects to have it ready for oc-  
cupancy around the middle part of  
November. The concrete panel con-  
struction has been used in several  
smaller homes in Toronto, but the  
Morton home is the largest such  
construction in the province to  
date, and the only one in the Ni-  
agara peninsula. The panel con-  
struction has many advantages. No  
nails, the fire hazard is greatly  
reduced, and there are no worries  
regarding exterior decoration. Mr.  
Morton states also that the cost of  
such a home is comparable to the  
cost of a frame construction of  
similar size.

Mr. Morton, being an engineer,  
designed and is building his home  
with the help of four men. William  
Hill is the foreman in charge of  
the building of the concrete panels  
which are constructed in precision-  
steel forms from washed stone and  
sand and are finished on the out-  
side by mortar. Steel rods are used  
to give the panel added strength.  
The large ones weigh approxima-  
tely 350 lbs. and are hoisted into  
place by means of a large tripod.  
When finished, the eight room  
home will be one of the most beau-  
tiful in the district, one which Mr.  
Morton and family will be very  
proud to live in.

### NURSE SHORTAGE

Aids were now employed. The  
Director stated that there was no  
thought of curtailing any service  
unless this was absolutely neces-  
sary.

Statistical: The population  
given as 68,354. During Aug-  
ust there were 59 marriages, 382  
births, 44 deaths — five of  
which were under one year of age.  
The chief causes of death: Heart dis-  
ease 21; cancer eight; accidents  
six; tuberculosis 2; pneumonia 1;  
other causes 10.

Office work. Many children were  
immunized during the summer. In  
August 84 were vaccinated against  
diphtheria; six completed diphtheria  
smallpox diphtheria toxoid with  
toxoid; cough vaccine; 163 boost-  
ers were also given.  
Public Services: There were five  
clinics with a total of 66 ex-  
aminations. At the beginning of  
August the register showed 579  
cases of tuberculosis, and at the  
end of August 582.  
Child Health: 28 clinics were  
held during the month with a total

attendance of 501, of which 115  
were new registrations.

Mental Health: Three clinics were  
held with 12 new patients; a total  
attendance of 20.

Veneral Disease: 12 clinics  
were held. At the end of July the  
case load was 215, and at the end  
of August 220, including 26 not yet  
diagnosed.

Public Health Nursing: Home  
visits to newborn (under one  
month) 110; infants 153; pre-school  
122; school 13; other home visits  
134; a total of 532. Among these  
visits there were 4 in regard to  
mental health, and seven orthopedic.  
Home and office visits in regard  
to cases of tuberculosis 86; and for  
contracts 120. Twenty-three pre-  
natal cases were referred to the  
Victorian Order of Nurses. New  
families visited this month total  
161.

Sanitary Services: Total inspec-  
tions 5919. Milk — at pasteurizing  
plants 14; dairy farms 24. Water-  
treatment plants 6. Food—at res-  
taurants 87. Frozen food lockers 2;  
food processing plants 3; slaughter  
houses 2; butcher shops 73. Sewage  
and garbage disposal 26. Camps—  
tourists 6; summer 4; tourist  
homes 3; tourist refreshment 8.  
Ninety-six complaints were invest-  
igated; 108 inspections made in re-  
gard to quarantine.

Staff: Dr. James M. Mather re-  
signed August 8 to become Director  
of the Halton County Health Unit.  
Dr. J. I. Jeffs commenced his field  
work with the Unit July 21, prior  
to going to the School of Hygiene  
for his Diploma in Public Health;  
Dr. Claire Robinson will take his  
place during the time he is away.

Miss Huhta resigned as public  
health nurse, and Miss Jean Assel-  
stine took her place. Miss Manmer  
is on leave of absence taking the  
Supervisor's Course at the School  
of Nursing. Owing to the lack of  
nurses, the districts have had to be  
considerably enlarged.

In order to help out with the  
nursing services, Mrs. Gertrude  
MacMahon and Mrs. Ethel Sauve  
have been taken on as Unit Aids, to  
help with the clerical work of the  
nurses.

Appointments: Dr. Clare Robin-  
son was appointed to the staff, his  
duties to commence September 22,  
to continue until May, 1948. Miss  
Jean Asselstine was appointed to  
the nursing staff full-time, and  
Mrs. Dorothy Smith part-time. Mrs.  
Gertrude MacMahon and Mrs. Ethel  
Sauve were appointed Unit Aids.

Poliomyelitis: Dr. Currey made a  
report in regard to the cases of  
poliomyelitis in the Unit area

pointing out that 6 had been re-  
ported, all of whom have been  
treated in hospital, and five have  
shown some paralysis. One of the  
early cases has now returned to  
school.

When business becomes listless,  
one can then buy an auto at list  
price.

Grandpa didn't give grandma an  
expensive engagement ring. You  
couldn't buy one on the installment  
plan in the old days.

THE SIGN OF BETTER SERVICE

*Nature Unspoiled* — **YOURS TO ENJOY**  
**YOURS TO PROTECT**

"RUFFED GROUSE" by T. M. Shortt, Ornithologist

THE FARMER

— a Conservationist

Farmers can improve their property,  
and at the same time provide cover  
for game birds by fencing in their  
woodlots to keep out grazing cattle.

Whenever danger threatens her brood of downy chicks, the  
mother Ruffed Grouse invites death by trying to lure the intruder  
away from the nest. While she acts instinctively to preserve the  
species, we can act intelligently to help her. We need only to  
give Nature a chance, in order to ensure the continued abundance  
of the "partridge", one of Canada's most celebrated game birds.

"Food and cover are the most important considerations in the  
life of a bird... few perish from the effects of adverse weather  
alone."

\*An excerpt from—CONSERVATION AND WINTER  
HELP FOR OUR BIRDS, by J. L. Baillie, Jr., one in a series  
of pamphlets published by The Carling Conservation Club.

**CONTINUATIONS**

From Page One

**FRUIT BELT GETS**

that while there was some fruit blown off the trees and some small breakages of limbs the damage or loss will not be serious, although there was considerable more damage and loss along the ridge of the mountain than below.

It was pretty chilly Monday night but no frost of any consequence was reported. There was none below the hill and only the odd light touch over the escarpment.

**U. S. GRAPE PRICE**

In Michigan and Iowa a price of \$85 a ton was set last week, while in Arkansas the price was \$75. It was expected that in New York state the price would not be higher than \$85 a ton. It was stated that New York state wineries are heavily overloaded this year, and have been trying to sell surplus produce to Canadian firms.

The price for Ontario grapes sold to processors was set at \$95 a ton last Thursday by the Ontario Marketing Board. This is the highest price ever paid by processors in Ontario for grapes. Last year the price was \$92.50 a ton and in 1939 it was \$65.

**IMMIGRANTS FIND**

taken other work until the right opening comes.

Some come to St. Catharines because they have friends here, while others are referred here by employment officers at the reception centre in Toronto. The local office sends to that centre descriptions of suitable employment vacancies here, and in that way some of the immigrants have come here. Others have come to the city and have found employment by contacting O. S. Boase, supervisor of the Lincoln County Citizens' Committee.

Mr. Clark said that the type of immigrant coming here continues to be high and "will make a real contribution to Canadian life." He said that some of the Britons were filling a real need here, citing the case of one experienced greenhouse man who had found employment with a local florist.

Local textile companies have been particularly anxious to obtain skilled textile workers from Britain, but so far none have come to this district, Mr. Clark stated.

**NEW GRAPE PRICE**

added that the increase of \$2.50 from last year would barely cover added costs of growing and marketing during the past 12 months.

At a meeting 10 days ago in Toronto growers and processors met to set the price, it was stated, but no agreement could be reached. Negotiations were arranged by the Ontario Marketing Board, with Judge A. B. Currey of Manitoulin, as arbitrator. The agreement was finally reached late Wednesday.

This year's crop will be a "good average yield, quite similar to that of last year," an official of the growers' organization stated. Tonnage is a bit light in the eastern end of the peninsula and heavier in the west. Grapes will start to move to processors in quantity towards the end of this month, it was stated.

"The continued hot weather throughout August was a real godsend to us," said the official. "With such a wet and cool spring and early summer, we would have lost heavily without the hot humid weather during the past six weeks."

The spokesman for the Grape Growers' Marketing Board in this district said that he could remember when grapes sold to processors at \$40 a ton, and even lower, during the depression period. At that time blue grapes sold at \$40 and whites at \$50 a ton, but since then the same price has been applied to all grapes sold for processing.

**GROWER TRIES**

The smaller size, measuring 15 inches in length, seven and three-quarter inches wide and three inches deep, permits the packing of one layer of 14 to 15 peaches in shredded tissue paper to keep the fruit from bruising. The larger size is five and one-half inches deep, and holds either 28 or 30 peaches packed in the same manner. They are covered with a raised lid slat top which permits inspection of the fruit by the buyer. "It's a gyp-proof package," Mr. McCollum claims, "for the buyer can turn it over and see the fruit on the bottom."

"I have long felt that Ontario fruit is not properly packed, particularly high quality fruit for retail sale and table use," he said, "and that is the reason I have invented this container. Our fruit, in my opinion, is of higher quality than either the British Columbia or California fruit and there is no reason why we cannot ship a more attractive pack."

A shipment of "dead ripe" peaches which he sent to Smith's Falls, a distance of 260 miles, he said, arrived in perfect condition owing to the fact that the shredded tissue paper prevented the fruit from bruising.

Mr. McCollum, of an inventive

mind, is also working on a mechanical fruit picker which, when perfected, he hopes, will pick a basket of fruit a minute. "So far," he said, "it takes everything off the trees but the roots." He intends to spend some of his spare time during the winter months in perfecting the gadget.

**LOCAL GROWERS**

California, where they obtained the information they were seeking.

The Mung Bean is used extensively by the Chinese in the preparation of such dishes as chop suey. Although several attempts have been made no crop of these tiny beans has as yet been successfully produced in this country.

The seed of the plant is sown about 3 inches apart in rows about 36 inches apart. The seed eventually produces a plant or bush which grows about 25 inches in height. The plant is a legume and the pods are produced somewhat in the shape of umbrella ribs. The bean itself is only about as large as a grain of wheat.

The crop planted by Messrs. Patterson and Hasty last spring should be off in about 2 weeks if the weather permits and from the ten pounds of seed planted they hope to obtain anywhere up to 1000 pounds of beans. This crop, however, is later than normal due to the unusual spring this year and would ordinarily be harvested about a month earlier.

The agent through which the crop will be marketed was very pleased with early samples of the product but the success of the venture is as yet by no means guaranteed as the weather is yet a very important factor. However, we are all crossing our fingers for the boys and hoping to see before too long what may very well be Canada's first successful crop of Mung Beans.

**COUNTY CONSTABLES**

Catharines Branch of the Canadian Legion. Col. Ball spoke words of praise to the council during the course of his remarks for the stand which it had taken last year on the question of the Citizens' Committee.

Acting on the recommendation of the Finance Committee under the chairmanship of Reeve Leslie Lyburner, council, however, turned down the request. Warden Patterson, himself a veteran of the first World War and a prominent member of the Old Niagara Legion, pointed out to the delegation that if the county council aided one Legion Branch in the county it must help them all and he expressed the opinion that each community should carry its own Legion branch. The council as a whole approved the Warden's stand on the question, saying "it was more properly a local matter."

The council, on a motion of Reeve Cecil Secord of Grantham township, called upon the Provincial Government to immediately appoint additional game wardens for the county to combat the indiscriminate shooting of game. Reeve Secord pointed out that pheasants are being shot each day unlawfully and his words were echoed by Reeve William Heaslip of Gainsboro who stated that wild duck and deer were also being shot in the county out of season. The motion passed unanimously when other Reeves and deputy-Reeves told the same story.

**TEEN-AGERS HAVE**

enough to attend University, where they are working on degrees, others have graduated. Some are doctors, lawyers, others are teachers, nurses, office workers, but each in his own way has been successful.

Occasionally they come "home" for a visit. They see you on the street, and as you used to think of them, now they wonder about you.

Will you be as successful as they have been? It is up to you. You destiny is in your hands, success or failure at your fingertips. Opportunity is knocking—will you be there to open the door to your future and your happiness?

Universities today are filled with veterans who have found that nothing can be attained without an education. Many of them thought college unnecessary before the war, and so must start from the beginning as Freshmen, others are completing their interrupted education. Now they are happy to be able to learn. Let their experiences be a lesson to you.

You are the youth of our country to-day. With education you will be better prepared to face the threat of another war. Education is the medium to prevent future wars. Intelligent peoples will recognize the fact that only uneducated nations will resort to war.

Canada is a young country. This is the beginning of an era in which Canada will rise above the world she now has attained. As the educated youth of to-day, you will be better prepared to elevate her and thus present a new and better union to the world.

This your country and these your lies. Good luck!

**FORCE OF EARTHQUAKE**

We all realize that an earthquake is a most disquieting affair but geologists have estimated just what amount of force is represented in a great earthquake, and they tell us that the earthquake of September 1, 1923, hit Tokyo with an energy equivalent to the muzzle energy of twelve billion, sixteen-inch naval guns. Japan, however, seems to have had more than its share of quakes, and it is today the busiest of all earthquake areas.

There are no life preserves on the financial sea.

# BOY SCOUTS

## JAMBOREE NOTICES AND INSTRUCTIONS BY DISTRICT COMMISSIONER FRUIT BELT DISTRICT BOY SCOUTS

1. Object—There will be a Scout Rally and Jamboree for the Fruit Belt District Boy Scouts at Beamsville Fair Grounds on Tuesday, Sept. 30, and Wednesday, October 1st, 1947.

2. Attendance—All Scout Troops and Wolf Cub Packs in the District are requested to be present. Scouts from 1 p.m., Sept. 30th, to 6 p.m., Oct. 1st. Wolf Cubs all day Wednesday, Oct. 1st until 5 p.m.

Leaders should check with their group committee at once that permission has been obtained from the school board concerned for the boys to attend on the above dates and to receive credit of attendance on presentation of the Jamboree certificate of attendance.

Admission to the Grounds is free to Scouts and Cubs who, if not in uniform must show some identification or enter with a scout in uniform.

Discipline must be maintained and conduct must be guided by the Scout Laws.

Scouters attention is drawn to the return to be sent to the Camp Chief which is very necessary to the success of the Rally. (See end of these notices.)

A pennant will be given to each Troop and Pack attending.

3. Registration—Troops and Packs will report under a leader, nominal rolls will be handed in to the Camp Chief's office on arrival. Rolls to show rank, initials and name. A certificate of attendance will be given to each Scout and Cub present throughout the rally, subject to their good conduct.

4. Camp—Located in the South East corner of the Beamsville Fair Grounds. Tents will be provided and will be issued each Troop on their arrival. Unit areas will be marked out and each will pitch and strike their own canvas.

Each troop is responsible for the provision of ration, cooking utensils, wash basins (1 to 5 boys), pails for cooking and washing water, shovel, axe, ground sheets (tarpaulins or waterproof).

Cooking will be carried out by Troops in the areas allotted. Water is laid on to the camp and latrines are provided.

No lamps are permitted in Scout Tents.

Cars and other vehicles will be parked in the area allotted.

5. Clothing and Equipment—Scouts and Cubs, so qualified will wear full uniform, others should have tidy clothing suitable for the march past. All Scouts should in addition have the following:—Haversack, Pack or small sack, Plate or mess tin, knife, fork, spoon, cup, salt, sugar, towel, soap, tooth brush, hairbrush or comb, flash light, pencil and notebook, blankets (3 suggested) waterproof.

The King's and Troop or Pack colours should be brought to camp.

6. Rations and Feeding—Each Troop and Pack is responsible for its own feeding arrangements, supply of rations and cooking facilities. Wood will be provided gratis. S.M.'s to bring matches.

Arrangements can be made for the supply of bread and milk on request.

7. Competitions—(A) "Observation" Troop competition, the strength of the troop does not necessarily affect their chance. Details will be given on the ground. Prizes—Scouts; challenge cup. Presented by the Canadian Legion, No. 127, West Lincoln Branch. Cubs—Challenge cup. Presented by the "Beamsville Express."

(B) "Estimation" Troop competition, teams of eight. Each member to estimate the height, weight and distance of three different objects.

(C) "Knot Tying." Teams of six scouts. Tenderfoot and second class scouts only. (Tenderfoot Knots).

Pennants will be awarded to each Troop and Pack attending the Rally and as winners of any competitions.

8. Grand Parade—The Fruit Belt District Boy Scout and Wolf Cub Packs headed by the Boy Scout Kiltie Band of St. Catharines will head the parade. Each group will march as a unit, i.e., Colour party, Scouts, Cubs, colour party and Cubs. The Cubs will give the Grand Howl in front of the Grandstand.

Order of March:—St. Catharines Kiltie Band, Beamsville, Grimsby, Winona, Stoney Creek, Fruitland, Grimsby Beach, Jordan, Vineland.

9. Council Fire—Notification of any stunts, individual numbers (songs, etc.) or Group numbers should be reported on the return to be made to the Camp Chief and on registration. All Scouts to attend. Members of Group Committees and parents are especially invited to be present.

G. R. Chetwynd, Camp Chief, for District Commissioner.

## JAMBOREE BEAMSVILLE 1947 PROGRAMME AND TIMETABLE

Tuesday, Sept. 30th

## BY-LAW NUMBER 2

A By-law of the Board of Trustees of the Roman Catholic Separate School for School Section No. 3 in the Township of Saltfleet to raise by way of loan the sum of \$34,000.00 for the purpose hereinafter mentioned.

WHEREAS the Board of Trustees of the Roman Catholic Separate School for School Section No. 3 in the Township of Saltfleet require to borrow the sum of \$34,000.00 to raise funds for the purpose of constructing the building and equipping of the new school and for such bearing interest debentures therefor as shall be determined by the Board of Trustees at a rate of Three and one-half (3 1/2%) per centum per annum which is the amount of the debt intended to be created by this by-law;

AND WHEREAS it is expedient to make the principal of the said debt repayable in twenty (20) annual instalments of such amounts respectively for principal and interest in any year shall be equal or nearly as may be to the amount so payable for principal and interest in each of the other years, provided that each instalment of principal may be for an even One Hundred (\$100.00) Dollars or multiple thereof, and the annual instalment of principal and interest may differ in amounts sufficiently to admit thereof;

AND WHEREAS it will be necessary to raise during the respective years of the said period of twenty years the respective sums set forth in the fourth column of Schedule "A" hereto which is hereby declared to be and form part of this By-law, to pay the yearly sum of principal and interest as they become due;

AND WHEREAS the amount of the whole rateable property rateable for Separate School purposes in the said School Section No. 3, in the Township of Saltfleet according to the last revised assessment is \$48,880.00;

AND WHEREAS the Board of Trustees of the Roman Catholic Separate School for School Section No. 3 in the Township of Saltfleet ENACTS AS FOLLOWS:

1. That for the purposes aforesaid there shall be borrowed the sum of \$34,000.00 and debentures of the Board of Trustees of the Roman Catholic Separate School for School Section No. 3 in the Township of Saltfleet shall be issued therefor in sums of not less than One Hundred (\$100.00) Dollars each, bearing interest at the rate of Three and one-half (3 1/2%) per centum per annum and having coupons attached thereto for the payment of interest semi-annually.

2. The debentures shall be dated as of the first day of October, 1947, and shall be payable in twenty (20) annual instalments on the first day of October in each of the years 1948 to 1967 inclusive, and the respective sums of principal and interest payable in each of such years shall be as set forth in Schedule "A" hereto.

3. The debentures as to both principal and interest shall be expressed in Canadian currency and shall be payable at the principal office of the Royal Bank of Canada at the City of Toronto or the Village of Stoney Creek at the holder's option.

4. The said debentures shall be redeemable at the option of the said Board of Trustees of the Roman Catholic Separate School for School Section Number Three in the Township of Saltfleet, either in whole or in part on any interest payment date prior to maturity at the places where and in the moneys in which the said debentures are expressed to be payable upon payment of the principal amount thereof together with interest accrued to the date of redemption and upon giving previous notice of said intention to redeem by advertising once in the Ontario Gazette and once in a daily newspaper of general circulation published in the City of Toronto, such notice to be advertised as aforesaid at least thirty days before the date fixed for redemption. Notice of intention so to redeem shall also be sent by post at least thirty days prior to the date set for such redemption to each person in whose name the debenture so to be redeemed is registered at the address shown in the Debenture Registry Book. Provided that if a portion only of the debentures is so to be redeemed, such portion shall comprise only the debentures that have the latest maturity dates and no debenture of the issue shall be called for such redemption in priority to any such debenture that has a later maturity date.

5. The Chairman and Secretary-Treasurer of the said Board shall issue the said debentures, and the debentures shall be sealed with the corporate seal of the said Board. The interest coupons attached to the debentures shall be signed by the said Chairman and Secretary-Treasurer and their signature thereon may be written, stamped, lithographed or engraved.

6. During the twenty years, the currency of the debentures, the respective sums set forth in the fourth column of Schedule "A" hereto shall be levied and collected annually by a special rate sufficient therefor over and above all other rates in the same manner and from the like persons and property by, from, upon or out of which other Separate School rates are levied, raised and collected for the said period of twenty years.

7. The said sum of \$34,000.00 so borrowed and interest thereon and the said debentures shall be and the same are hereby made a charge upon the school-house property and premises and on the real and personal property vested in the said Board of Trustees of the Roman Catholic Separate School for School Section No. 3 in the Township of Saltfleet and upon all the Separate School rates of the said Board to be hereinafter imposed until the said debentures and each and every one of them together with all interest thereon shall have been fully paid and satisfied.

8. The said debentures may contain any clause providing for registration thereof authorized by any Statute relating to Municipal debentures in force at the time of the issue thereof.

Read a first and second time this 17th day of September, A.D. 1947.

## Heatons

HEY, MA—DO I FEEL A DRAFT OR HAVE WE STOPPED HEATIN' WITH

HEWSONS COAL

## COUNTY BUILDING HAS NEW HEATING BOILER

Old One Taken Out Was Installed 65 Years Ago—New Offices May Be Provided Provincial Police.

Occupants and visitors to the County Building this winter should have no cause to complain of the heating facilities. Last week a new boiler was moved into place by the Foster-Wheeler heating crew. When installed the whole heating system will be checked and any necessary changes made.

Mr. W. H. Millward, County Clerk and treasurer, said that the boiler replaces one which has been in place for nearly sixty-five years. Officials of Foster-Wheeler claim that that particular type has not been made for at least fifty years.

When the change was decided upon the flooring of the basement was changed with needed repairs being made at the time. A proposal has been made to renovate a part of the basement and convert it into office facilities which may possibly be used by the Provincial Police detachment. This would allow an outside basement entrance for the provincials and allow the upper floors to be closed and locked after office hours.

## BREVITIES

EVENTS AND TOPICS OF THE WEEK in TABLOID . . . . .

Humane Society Tag Day on Saturday.

Beamsville Fair next Tuesday and Wednesday.

Railway and bus time tables change on Sunday.

Don't be late for church on Sunday. Turn the clock back Saturday night.

Robert Forsythe, R.R. No. 1 North Grimsby, exhibited his fine pens of Angora rabbits at Smithville Fair and succeeded in winning two firsts, two seconds and three thirds.

Mr. Syl Apps will be the guest speaker at the Father and Son banquet, Beamsville Baptist church, Friday, October 3rd, at 6.20 o'clock. Mr. Apps will speak at an open meeting commencing at 7.45 o'clock.

Niagara Falls council Monday night endorsed a resolution passed by the City of St. Catharines council and the Chamber of Commerce urging National Revenue Minister James J. McCann to open a branch of the Income Tax Department in St. Catharines.

A Supreme Court jury in Hamilton on Tuesday found Frank James, 42-year-old Grimsby motorist, not guilty of manslaughter. James was accused of manslaughter in the death of Alexander Cole in a traffic mishap on the Queen Elizabeth Way near the Windermere cut east of Hamilton the night of June 24.

Fort Erie Council, in a special meeting held Tuesday afternoon, gave final reading of the by-law to issue \$25,000 in debentures to complete the Fort Erie ice arena, now under construction. A special provision in the agreement accepting the structure calls for any surplus over \$500 to be used to retire interest and principal.

Continued theft of rustic picnic tables, placed along district highways by the Department of Highways for convenience of the motoring public has resulted in an order for the remaining tables in the Hamilton division to be placed in storage immediately. In the latest thefts two tables disappeared from the Queen Elizabeth Way in the Winona-Stoney Creek area.

For leaving an area designated for compulsory inspection of fruit and vegetables without required inspection contrary to provisions of ministerial order June 16, 1947, Charles Bondi, Wingham, Ont., paid a fine of \$25 in Hamilton traffic court before Magistrate Harry Burville Monday. Walter Bamber, Weston, charged with the same offence was fined \$15 and costs.

Drivers on Canada Coach Lines buses, which travel through this area have received pay increases of from 10 to 14 cents an hour. It has been announced in Hamilton. Drivers are now receiving 90 cents an hour for time on duty. Garage and shop employees in the Hamilton headquarters have also been given increases bringing the wages up to a range from 76 cents to \$1.16 an hour. The new wage scale came into effect on Sept. 1.

Despite the meat shortage, two tons of boneless meat which arrived in the St. Catharines area Friday had to be withdrawn from sale after condemnation by the St. Catharines-Lincoln County Health Unit. The meat had been shipped by truck from Windsor without refrigeration or protection from flies. Sanitary Inspector Dalton Disher and his assistant, James Sutherland, supervised the re-loading of the truck. The meat was taken to a piggery where it will be cooked and used as feed.

## NIAGARA FALLS MAN INJURED IN CAR WRECK

Thrown from his car when it overturned on the Queen Elizabeth Way, near Beamsville, on Saturday evening, Glen A. Scobie, 32, of Niagara Falls, was attended at West Lincoln Memorial Hospital by Doctors Harold Latham and J. Moss for severe brush burns and lacerations to both feet.

The big toe on his left foot was broken and almost cut off. Mr. Scobie told police that he swerved suddenly to the boulevard to avoid striking a car parked without lights on the travel lane of the two-lane pavement.

Going out of control when a tire blew, the car swung back to and pavement where it overturned; he was almost completely wrecked; he came to rest on its side on the shoulder.

Both of the injured man's torn were torn off and his socks made to ribbons in the accident. Damage to the car was estimated at \$1,000.

The depression was that period when a box car shortage didn't make it hard on anyone except the bobos.

## INSTALL NEW SYSTEM AT BANK OF COMMERCE

Pass Books Will Be Replaced By Machine Posted Statements—New System October First.

In connection with the new improvements being made to the Bank building and the contemplated new services to be installed, John Holder, Manager of Grimsby branch has handed The Independent the following informative statement:

"With a view to providing our customers with the most modern and efficient service, we are installing a machine-posted statement system in our Current Account Department on 1st October, 1947."

"After the end of this month pass-books will be used for the entry of deposits only, as a receipt, and it will not be necessary for you to leave your book for balancing. If you prefer to do so, you may dispense with your pass-book entirely and obtain a receipt by preparing your deposit slips in duplicate. The duplicate slip will be stamped and returned to you by the teller at the time your deposit is made."

"Your pass-book will be replaced by a machine-posted statement which will be ready for delivery by the first business day of each month, together with your cancelled cheques. The statement will be neat in appearance and easy to check and will provide a more satisfactory record of the entries in your account than the pass-book formerly used for this purpose. The entries in your account will be posted on the statement each day and during the month you may see your statement as frequently as desired by speaking to the ledger-keeper."

## GRIMSBY WEATHER

Week ending at 8 a.m., Monday, September 22nd, 1947.

High-at temperature 84.6

Low-at temperature 40.8

Mean temperature 67.4

Precipitation 1.95 inches

## A REGULAR COWBOY AUTOMOBILE JOCK

George Siblock, 32-year-old lathe operator from Grimsby, who told the police he couldn't remember what happened after he ran his car up on the lawn of a residence at 391 Sherman Avenue, South Hamilton, Tuesday morning around 2 o'clock, was fined \$200 and costs by Magistrate Harry Burville for reckless driving.

Constable Arthur Owens said the accused failed to negotiate the turn at Delaware Avenue and went across the street and up over the sidewalk and then zoomed over a four-foot rockery. He went about 30 feet across the lawn into a driveway two feet below the level of the lawn before finally stopping in some shrubs and small trees.

The accused, who admitted having had something to drink but was not intoxicated, will also pay court costs and his driver's license has been suspended for three months.

## ARRIVAL OF AUTUMN FOOLED THE PEOPLE

You may have thought that Monday, with its blustering winds and low temperatures, marked the official ending of summer, but when you read this story autumn will probably have been in force officially a day later.

Popular ideas to the contrary, the calendar section of the Canadian Almanac for 1947 reports that autumn this year commences at 4.29 p.m., standard time, on Sept. 23. With daylight saving time in force for another few days, this means that autumn officially arrived at 5.29 p.m. Tuesday, the 26th day of the year.

When summer was unheralded in at 1.19 a.m. on June 22 there was some confusion because some calendars listed June 21 and others June 22 as the official start of summer.

Instead of living in luxury nowadays it seems one must have luxuries in order to live.

# The Quality Tea "SALADA" ORANGE PEKOE

NEW LIFE-LINE FOR SEA RESCUE

Shown here is the life-line. The latest British invention for saving lives at sea—a rocket-borne life-line shoots skywards during a demonstration shoot at Homebush Bay, Australia. Rocket is fired from a pistol mechanism and trails an inch-thick rope a distance of 150-200 yards. It is standard equipment on British fishing vessels.
